RE: Financial Aid Report

At your direction, I have completed the annual financial aid reports from the member schools for the 2024-2025 academic year. As of May 1, we have one (1) member schools that has not submitted the survey. Several reminders and phone calls were made in an attempt to help the member schools, and we still did not get a response. This school was Beth Haven, Louisville.

As a follow-up to my February report, I have contacted the following schools.

- Frankfort – Athletic Director submitted explanations for all athletes past due. Report complete.
- Louisville Collegiate – Noted that they did not use an approved 3rd party agency, but clarified with administration that for the 2024-25 report and school had used SSSFA in previous years, which is an approved agency.
 - Confirmed with Athletic Director that 25-26 was the first year utilizing Clarity. Clarity is seeking to become an approved 3rd party vendor, but at the time is not currently approved in the KHSAA Bylaws.
