I. Kentucky Framework for Personnel Evaluation Overview

<u>Framework for Teaching</u>	<u>Frameworks for Other Professionals</u>
Planning and Preparation	Planning and Preparation
Classroom Environment	Environment
Instruction	Delivery of Service
Professional Responsibilities	Professional Responsibilities

The Framework also includes themes such as equity, cultural competence, high expectations, developmental appropriateness, accommodating individual needs, effective technology integration, and student assumption of responsibility. They provide structure for feedback for continuous improvement through individual goals that target student and professional growth, thus supporting overall school improvement. Evidence documenting professional practice will be situated within one or more of the four domains of the framework. Performance will be rated for each component according to four performance levels: **Ineffective (I)**, **Developing (D)**, **Accomplished (D)**, and **Exemplary (E)**. The summative rating will be a holistic representation

of performance, combining data from multiple sources of evidence across each domain. The timelines outlined throughout the Certified Evaluation Plan document may be adjusted as necessary for extenuating circumstances.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or calculation of practice based on predetermined formulas. Evaluators will also take into account how educators respond to or apply additional support and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual educator performance, such as: school-specific priorities that may drive practice in one domain, an educator's number of goals, experience level and/or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Sources of evidence might include, but are not limited to, the following:

- Classroom observation feedback
- Professional Growth Plan and Review Documentation
- Student Growth/Achievement
- Self-assessment and self-reflection
- Assessment data
- Surveys
- Team-developed curriculum units
- Lesson plans
- Professional Development
- Communication logs
- Timely, targeted feedback from any observations, including walk-throughs
- Student data records (student data point, student mobility, attendance, discipline, grades)
- Student work
- Student pre, post, formative and/or summative course evaluations
- Teacher reflections and/or self-reflections
- Teacher interviews
- Teacher committee or team contributions
- Parent engagement surveys
- Records of student and/or teacher attendance
- Video lessons
- Progress monitoring data
- Membership in professional organizations
- Site Visit / Workplace Visit

In addition to the sources of evidence listed above, letters and memos may be used to document both outstanding performance and performance which needs improvement. The correspondence should be dated and signed by both parties.

For job category, specific sources of evidence, visit the Kentucky Department of Education website at this link.

Assignment of Primary Evaluator

The immediate supervisor will designate the primary evaluator for each certified staff member assigned to his/her location by September 1 of each year and report it to the district certified evaluation plan contact. Late hires, after September 1, will have a primary evaluator assigned within the first 30 days of employment. In the event of extenuating circumstances, the primary evaluator may be subject to change by the District Certified Evaluation Contact.

Required:

- Observations may begin 30 calendar days after the first day of teacher employment or as soon as staff is trained on the Certified Evaluation Plan.
- District will adhere to the KTIP-approved guidelines when completing evaluations (if/when reinstated by KDE)

Professional Growth Planning

The Professional Growth Plan (PGP) will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including classroom observation feedback, data on student growth and achievement, and professional growth needs identified through self-assessment and reflection. In collaboration with the primary evaluator, teachers will identify explicit goals, which will drive the focus of professional growth activities, support, and ongoing reflection. The Professional Growth Plan will align with the school/district improvement plans.

Reflective practices and professional growth planning are repetitive processes. The teacher:

- (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus.
- (2) collaborates with his or her primary evaluator to develop a professional growth plan and action steps.
- (3) implements the plan.
- (4) regularly reflects on the progress and impact of the plan on his or her professional practice.
- (5) modifies the plan as appropriate.
- (6) continues implementation and ongoing reflection.
- (7) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.

Required:

- All teachers and other professionals will participate in professional growth planning each year according to the schedule below. Teachers are encouraged to continuously self-reflect on their professional practice throughout the school year. See Tables 1, 2, and 3 for professional growth planning timelines.
- Multiple sources of data shall be used to develop the Professional Growth Plan and can be used throughout this entire process. Teachers with Accomplished or Exemplary overall summative evaluation cycle rating shall complete a self-directed growth plan. However, any individual measure that is rated as Ineffective on a summative evaluation shall be addressed in the PGP. See page 26 for the Professional Growth Form.
- For teachers with an overall summative evaluation cycle rating of Developing or Ineffective, a directed growth plan shall be done in consultation with the primary evaluator.
- Employees who do not fulfill their contractual obligations for completing professional development shall be placed on a corrective action plan. The primary evaluator may waive this requirement in the event of extenuating circumstances.

Observation Model for Teachers and OP Employees

The observation process is one source of evidence to determine educator effectiveness that includes primary evaluator observation for each certified teacher and other professional and an optional peer observation for a certified teacher. Peer Observers will be trained every 3 years using the P2P observation training through iDrive Digital. The district evaluation contact person will keep an updated list of trained peer observers.

The primary evaluator observation provides documentation and feedback to measure the effectiveness of professional practice. The primary evaluator observation will be used to complete the summative evaluation process. See pages 22-44 for teacher/OP formative, summative, and optional peer observation documents.

Primary evaluator will conduct two mini-observations of approximately 20-30 minutes each. Because these are shorter sessions, the observer will make note of the components observed in order to identify “look fors” in the next mini-observation session. The mini observation shall focus on Performance Measures 2 and 3 only. The final observation is a full formal observation consisting of one full instructional period. For some categories for other professionals, observations may look like a workplace visit to meet their confidentiality requirements. If applicable, for employees under the KTIP program, the observation model will follow the required KTIP process.

An optional peer observation will be conducted by a certified peer teacher who has been trained in peer observation techniques prior to the first observation. Optional peer observations will be mini observations of approximately 20-30 minutes each and should be for formative and feedback purposes

only. The optional peer observation results do not have to be reported to the primary evaluator but may be used as a source of evidence if requested by the teacher or other professional and would be used to inform summative ratings. Documentation of the optional peer observation will be turned into the primary evaluator on the district approved form. Peer observations of Other Professionals are not required but are optional.

All documentation completed on district approved forms and a copy provided to the evaluatee.

Observation Timeline (tenured and non-tenured) *Required:

Non-tenured:

- Non-tenured employees will have a minimum of 3 observations conducted by the primary evaluator (2 minis and 1 full/formal) and an optional peer observation. The final observation is conducted by the primary evaluator and is a full/formal observation. Each year is considered a summative evaluation cycle for non-tenured employees.
- All observations must be documented on district-approved forms.

Tenured:

- Tenured teachers will receive one full/formal observation by the supervisor and four mini-observations over the five-year summative cycle. The primary evaluator shall complete one mini-observation in the first year, second, third, and fourth year, and a full/formal being the final observation completed during the fifth year of the cycle. An optional peer observation will be conducted during the year of the summative observation.
- OP employees will follow a five-year cycle with a minimum of five primary evaluator observations. Years one through four will consist of a mini observation by the primary evaluator and year five will consist of a full/formal.
- Summative evaluations shall occur at least once every five years for a teacher or other professional who has attained continuing service status, as well as principals, assistant principals, and other certified administrators.
- All observations must be documented on district-approved forms.
- Observations listed are a required minimum. Evaluators may observe a staff member more frequently if needed.

Table 4: Observation Schedule for Tenured Employees *

Year One	Year Two, Three, and Four	Year Five
Mini observations by April 1st	Mini observations by April 1st	Full / formal observation by primary evaluator and an optional peer observation by April 1 st .

Timeline will be tentative based on any adjustment of the calendar year. The District Evaluation Plan Point of Contact will notify all staff if any adjustments are made to the evaluation timeline(s).

Table 5: Observation Schedule for Non-Tenured Employees *

Every Year
Mini observations by primary evaluator by October 31st
Mini observations by primary evaluator by December 31st
OPTIONAL: Peer observation by certified peer teacher between orientation and April 1st
Full/Formal observation by primary evaluator by April 1st

Timeline will be tentative based on any adjustment of the calendar year. The District Evaluation Plan Point of Contact will notify all staff if any adjustments are made to the evaluation timeline(s).

Observation Timeline for Late Hires, Emergency Leaves of Absence, and Board Approved Leaves of Absence (tenured and non-tenured) *

Teachers hired during the first semester of instruction will complete all components of the observation schedule. Teachers hired during the third quarter of instruction will receive one-mini and one full/formal observation from the primary evaluator. Teachers hired during the fourth quarter of instruction will receive one-mini observation by the primary evaluator.

An evaluatee who takes a leave of absence before the completion of their evaluation cycle will have their evaluation cycle adjusted by the District Evaluation Plan Point of Contact. The primary evaluator is responsible for contacting the plan Point of Contact.

*Additional observation(s) may be conducted if deemed necessary by the primary evaluator. If the overall rating for a full/formal observation result yields an ineffective rating for any Performance Measure, a corrective action plan shall be developed, and additional observation(s) shall be required. The frequency and type of additional observation(s) will be left to the discretion of the primary evaluator and the District Evaluation Point of Contact.

Observation Conferencing

Required

Observers will adhere to the following observation conferencing requirements:

- Full/Formal – The full/formal observation will be scheduled at least 2 working days prior to the observation and the teacher notified of the pending observation. An **electronic or person-to-person** pre-conference communication will take place at least one working day prior to the observation. A **person-to-person post observation conference** will be conducted within 5 working days after the full/formal observation.

All data will be entered onto the district-approved form. If the post-observation conference is not held within the 5 working days, another full/formal observation may be scheduled.

- Mini – An **electronic or person-to-person** pre-conference communication will take place at least one working day prior to the observation. A **person-to-person**, post-observation conference will be conducted within 5 working days after the mini-observation. If the post-observation conference is not held within the 5 working days, another mini observation may be conducted. All data will be entered onto the district-approved form.

Summative

o The summative evaluation conference shall be held at the end of the evaluation cycle. During the summative conference, observation results from all mini and full/formal observations and other evidence in the cycle will be reviewed so that an overall performance rating for all Performance Measures in the Ky Framework for Teaching can be determined.

o The summative evaluation form will be completed by April 30 of the summative evaluation year. The summative evaluation form will include an overall rating for each Performance Measure as well as an overall performance rating for the evaluation cycle.

o The summative evaluation form shall be signed by both the primary evaluator and evaluatee. The evaluatee will also be provided with a copy of the summative evaluation form. The evaluatee will be provided the opportunity, within 5 days of the summative evaluation, to submit a written statement in response to the summative rating. The response will be included in the official personnel record. The summative evaluation form shall be included in the district teacher personnel file by June 15 of each year.

Observer Certification

All administrators as a primary evaluator must complete the Initial Certified Evaluation Training provided by KDE and annual district certified/classified EILA approved (6 hours) calibration training prior to conducting observations for the purpose of evaluation.

Calibration training must include how evaluators will receive training, support, and/or resources for the following (KRS 156.557 and 704 KAR 3:370):

- Effective observation and conferencing techniques when using observation to evaluate personnel
- Providing clear and timely feedback
- Establishing and assisting with professional growth plan
- Summative decision techniques
- Ensuring consistent and reliable ratings

*Administrators who are evaluating first year teachers must also complete the current KTIP requirements, if/when reinstated by KDE

Formative Employee Rating

Evidence documenting professional practice is situated within one or more of the four Performance Measures of the framework. Performance is rated for each measure according to four performance levels: Ineffective (I), Developing (D), Accomplished (A), and Exemplary (E). Multiple sources of evidence shall be used to the formative rating. Sources of evidence will be cited on the formative evaluation document.

Each performance measure will be holistically scored using the Kentucky Framework for Teaching (Ky FT) and Other Professionals Framework. Primary evaluators will use Decision Rules for All Certified Educator's Evaluation Rating Chart.

Required

- Observation (mini, full formal, classroom, site visit)
- PGP
- Post Observation Document / Self Reflection
- Optional Peer observation (if required at building level)

Optional

- Additional sources of evidence from page 8 of the CEP or KDE link provided.

Evaluation Appeals Process

The evaluation appeals panel must include:

- Two (2) members elected by certified employees
- One (1) member appointed by the board of education

An employee has the right to an evaluation appeal. The rights and procedures are:

- A right to a hearing for every appeal
- An opportunity five (5) days in advance of the hearing for the evaluator and evaluatee to adequately review all documents that are to be presented to the panel
- A right to have the evaluatee's chosen representative present at the hearing

See page 67 for Appeals Process Documents

Corrective Action/Assistance Plans for Certified Employees

A corrective action plan is to be completed by the evaluator (with discussion and assistance from the evaluatee) as it relates to an inadequate or "ineffective" on any one Domain or more from the Formative Evaluation. The evaluator and evaluatee must identify corrective action goals and objectives, procedures and activities designed to achieve the goals; and targeted dates for appraising the evaluatee's improvement of the standard. It is the evaluator's responsibility to document all actions taken to assist the evaluatee in improving his/her performance.

*Corrective action plans may be implemented at principal discretion if a pattern of “developing” ratings is received over time. The principal will consult district instructional administrator before assigning corrective action. **See Corrective Action/Assistance Plan Documents on page 71.**

Principals Evaluation Plan Overview (Principal and Assistant Principal)

The vision for the Principals Evaluation Plan (PEP) is to have every school led by an effective principal. The goal is to create a fair and equitable system to measure leader effectiveness and act as a catalyst for professional growth.

Professional Standards for Educational Leaders

The Principal Performance Standards are designed to support student achievement and professional best-practice through the following standards: Mission, Vision, and Core Values; Ethics and Professional Norms; Equity and Cultural Responsiveness; Curriculum, Instruction and Assessment; Community of Care and Support for Students; Professional Capacity of School Personnel; Professional Community for Teachers and Staff; Meaningful Engagement of Families and Community; Operations and Management; and School Improvement. Included in the Performance Standards are Performance Indicators that provide examples of observable, tangible behaviors that provide evidence of each standard. The Performance Standards provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting an evaluatee’s professional practice will be situated within one or more of the ten standards. Performance will be rated for each performance measure according to the four performance levels: Ineffective (I), Developing (D), Accomplished (A), and Exemplary (E). It is projected that most principals or assistant principals will maintain an Accomplished rating but will occasionally have exemplary performance on standards at any given time. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

See pages 55-59 for Principal Performance Standards

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Primary evaluators will also consider how evaluatees respond to or apply additional support and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives primary evaluators the flexibility to account for a wide variety of factors related to individual evaluatee’s performance. These factors may include school-specific priorities that may drive practice in one standard, an educator’s number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

Primary evaluators must use the following categories of evidence in determining overall ratings:

Required Sources of Evidence

- Professional Growth Planning and Self-Reflection
- Site-Visits / Workplace Visits

Optional

Primary evaluators may use the following categories of evidence in determining overall ratings:

- Val-Ed 360°
- IMPACT KY Survey
- Other Measures of Student Learning
- Products of Practice
- Other Sources

Professional Growth Planning

Completed by Principals and Assistant Principals

The Professional Growth Plan (PGP) will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including site-visit conferences, data on student growth and achievement, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on student growth and achievement. A Principal/Assistant Principal/Dean Professional Growth Plan may be directed or self-directed.

Directed Growth Plan

Goal(s) are determined by the primary evaluator and shall focus on an area of professional practice.

Self-Directed Growth Plan

Goal(s) are set by the employee, with input from the primary evaluator.

Required

- All principals and assistant principals will participate in self-reflection and professional growth planning each year. Professional growth plans will include professional growth goals. Late hires must have their PGP submitted within 30 days of hire.
- Employees who do not fulfill their contractual obligations for completing professional development or EIL hours shall be placed on a corrective action plan.

Site Visit/Workplace Visit

Completed by Primary Evaluator of Principal and Assistant Principal
For this section the term "Principal" includes Assistant Principal.

Site / workplace visits are a method by which the primary evaluator may gain insight into the principal's practice in relation to the standards. During a site visit, the primary evaluator will discuss various aspects of the job with the principal and will use the principal's responses to determine issues to further explore with the faculty and staff.

Additionally, the principal may explain the successes and trials the school community has experienced in relation to Improvement.

Required

- Site visits will be conducted at least twice each year with the results reported on the district-approved forms. (Formal site-visits are not required for the assistant principal)
- A Principal hired after the start of the school year will be required to complete both site visits. Both could be conducted during the second semester if the hire date prohibited the Superintendent or designee from completing the first site visit during the first semester.
- Principals will evaluate Assistant Principals using the district-approved form.

Principal Workplace Visit Conferencing

At least 3 conferences will take place between Primary Evaluator and Evaluatee throughout the year.

For each of the following standards, reflect on the lesson that was observed using the following guiding questions to focus your reflections:

In general, how successful was the lesson? Did the students achieve any learning targets? How do you know, and what will you do for the students who did not?	
In addition to the student work witnessed by the observer, what other student work samples, evidence, or artifacts assisted you in making your determination for question one?	
To what extent did classroom procedures, student conduct, and physical space contribute to or hinder student learning?	
Did you depart from your plan? If so, why, and how?	
If you had an opportunity to teach this lesson again to the same group of students, what would you do differently, and why?	
What do you see as the next step(s) in your professional growth for addressing the needs you have identified through personal reflection?

Appeals Process Statute and Forms

2025-2026 Appeals Committee
District Certified (Kim Justice, DOSE)
Kayla Willis (voted by certified employees)
Lindsey Sisco (voted by certified employees)

Appeals Process

POLICY STATEMENT ON LOCAL APPEALS PANEL
AS REQUIRED BY KRS 156.557(9) and 704 KAR 3:370(17)

INTRODUCTION

The State Legislature amended KRS 156.101 (11) to read as follows:

The local board of education shall establish an evaluation appeals panel for certified personnel, which shall consist of two (2) members elected by the certified employees of the district and one (1) member appointed by the board of education who is a certified employee of the board. Certified employees who feel that they were not fairly evaluated may submit an appeal to the panel for a timely review of their evaluation.

LENGTH OF TERM

The beginning date shall be July 1 and the end date shall be June 30. If an appeal is pending at the end of a panel's term, said appeal shall be completed by that panel.

ELECTION OF APPEALS PANEL MEMBERS

The election of two members of the Appeals Panel by certified staff shall be accomplished by using the following process:

1. The Superintendent or designee shall appoint two certified people to serve as election officers to conduct the process.
2. By the first day of September the election officers, using a nomination form, shall seek nominations of persons whose names will be placed on a ballot unless the nominee(s), when contacted, indicate(s) otherwise.
3. Ballots shall be prepared by the election officers and distributed to each certified staff member. Elections shall be by secret ballot. Elections shall be completed, and ballots counted by the election officers on or before September 15th of each year. The two persons receiving the highest number of votes respectively shall serve on the panel. The two persons receiving the next highest number of votes respectively shall serve as alternates. The election officers shall certify the results to the Superintendent.
4. The chairperson of the panel shall be the certified employee appointed by the Board.

APPOINTMENT OF CERTIFIED STAFF MEMBERS TO APPEALS PANEL

Upon the recommendation of the Superintendent, the Board shall appoint one appeals panel member at the regular June Board meeting.

PROCEDURES FOR APPEAL AND TIMELINES

Any certified employee who believes that he or she was not fairly evaluated on the summative evaluation may appeal to the panel within Five (5) working days of the receipt of the summative evaluation. The certified employee may review any evaluation material related to him/her. Both the evaluator and the evaluatee shall be given the opportunity to review documents to be given to the hearing committee reasonably in advance of the hearing and may have representation of their choosing.

The panel shall present their findings within 15 calendar days after the appeal is officially filed with them to the Superintendent. The findings of the panel are advisory in nature.

The panel's review shall determine whether or not the evaluation has a factual basis. This means that if facts exist on which the evaluator could reasonably base his/her decision, then the Appeals Panel cannot find the conclusion in error merely because they would prefer a different result. The evaluatee or appealing employee would have the

burden of proof and shall be required to submit proof to the panel that would compel the panel to find that the evaluation was not factually based.

Mere claims would not be sufficient; the evaluator/appealing employee must submit compelling proof that the evaluation is not factually based. The Appeals Panel, in addition to reviewing written appeals and responses to said appeals, may request oral information from both parties as well as further written interrogatories if the situation warrants such.

When hearings warrant additional information being presented, the Appeals Panel shall extend the timeline by providing notification to all parties in writing.

The Superintendent shall have 45 calendar days from the receipt of the written findings of Appeals Panel to review the matter and take final action. EMPLOYEE ASSISTANCE/CORRECTIVE ACTION PLAN

The performance of all certified personnel is to be evaluated annually for all non-tenured personnel and administrators and once every five years for tenured personnel. When unsatisfactory behavior is noted, the following process will be used by the evaluator to aid the evaluatee in improving performance:

1. Evaluation contacts become more frequent and formal.
2. The primary evaluator notifies the evaluatee that his or her performance is not meeting District standards.
3. Specific data is shared with the evaluatee that identifies the deficiencies and verifies the situation.
4. An Individualized Corrective Action Plan is developed by the evaluator and evaluatee. This plan shall address the performance area, goals and activities that achieve the desired performance and target dates.
5. If necessary, an Intensive Assistance Team supplements the work of the primary evaluator. The Intensive Assistance is a team effort to supply skills, knowledge, and time of several supervisory personnel. An example of an Intensive Assistance Team may consist of:
 - Primary Evaluator
 - Instructional Supervisor
 - Personnel Director
 - Others as agreed upon by all team members
6. Evaluatee is given help to improve.
7. Evaluatee is given time to improve.
8. Evaluatee is given progress reports.
9. Evaluator stresses job expectations.
10. Evaluator discusses further action if evaluatee fails to comply.
11. Evaluations are to be in narrative style.
12. The deficiency evaluation process should begin in sufficient time to be completed and appropriate forms submitted by April 15.

Instructions for Completing the Individual Corrective Action Plan

This plan is to be completed by the evaluator (with discussion and assistance from the evaluatee) as it relates to an inadequate or "ineffective" on one or more components from the KY Framework for Teaching from the Formative Evaluation. The evaluator and evaluatee must identify corrective action goals and objectives, procedures and activities designed to achieve the goals; and targeted dates for appraising the evaluatee's improvement of the standard. It is the evaluator's responsibility to document all actions taken to assist the evaluatee in improving his/her performance.

1. Component Number

Identify the specific Component(s) from the Formative Evaluation Form that has an "Ineffective" rating assigned.

2. Present Professional Development Stage

Select the stage of professional development that best reflects the evaluatee's level:

- **I = Ineffective**
- **D = Developing**
- **A = Accomplished**
- **E = Exemplary**

3. Growth/Objective(s) Goals

Growth objectives and goals must address the specific standard(s) rated as “Ineffective” on the Formative Evaluation document. The evaluatee and the evaluator work closely to correct the identified weakness(es).

4. Procedures and Activities for Achieving Goal(s) and Objective(s)

Identify and design specific procedures and activities for the improvement of performance. Include support personnel, when appropriate.

5. Appraisal Method and Target Dates

List the specific target dates and appraisal methods used to determine improvement of performance. Exact documentation and record keeping of all actions must be provided to the evaluatee.

6. Documentation of all reviews, corrective actions, and evaluator’s assistance must be provided periodically (as they occur) to the evaluatee.
