

ENCLOSURE _____
DATE May 18, 2026

OLDHAM COUNTY BOARD OF EDUCATION

CONCERN:

High School athletic programs do not currently have an allocated budget for transportation expenses.

DISCUSSION:

To support student-athletes across all three Oldham County high schools, the district is proposing the establishment of a transportation budget for high school athletics. This allocation will provide each school with funding to offset transportation costs associated with athletic events and competitions.

RECOMMENDATION:

It is recommended that the Board of Education approve a \$10,000.00 district allocation to all high school athletics for transportation expenses for the 2026-2027 school year.
