Tim Schlosser
Superintendent
Simpson County Schools

Via email: tim.schlosser@simpson.kyschools.us

Dear Mr. Schlosser:

We are humbled by the trust you and the Simpson County Schools have placed in our firm, and we would be honored to continue our partnership with you on your upcoming projects. Please accept our Letter of Interest in providing architectural services for the projects listed on your 2024 District Facility Plan along with any potential updates.

We are uniquely qualified to help.

RossTarrant Architects is the only architectural firm in Kentucky that is exclusively focused on educational facility design.

- Your project will benefit from the experience we have gained through collaboration with more than 78 different school districts over the past 56 years.
- Having designed a wide range of ENERGY STAR and net zero-ready facilities, we know how to help you save energy and create a healthier space for students, faculty and staff. We can show you how to limit the dollars you spend on operations and maintenance and keep the money in your General Fund focused where you need it most.
- Every design we create is unique. We don't do cookie-cutter schools. Our goal is to design a facility that will meet your individual needs better than any other facility possibly could.

Ask around. We think you'll like what you hear.

Our goal is to create long-term partnerships with our clients, and to help them rise to the challenge of meeting increasing needs and demands with fewer resources. We aren't a firm who cherry picks projects, and we won't hand you a design off the shelf. We listen, we work hard, and we're in it for the long haul.

Thank you for the opportunity to express our interest in continuing our service to you and the Simpson County Board of Education. We would be honored to help you meet your goals for this important project.

Sincerely,

Silke N. Becker, IIDA, CID, LEED AP ID+C
