**OLDHAM COUNTY BOARD OF EDUCATION**

**CONCERN**

Daycare directors do not have a leader amongst their own group to support their growth.

**DISCUSSION**

It would be helpful to the professional growth and success of our after school programs for the daycare directors to have a program coordinator, similar to an instructional coach in our schools, to support goal setting and modeling of effective practices that will help child care centers reach their fullest potential.

**RECOMMENDATION**

Approve the addition of a part-time Child Care Center Coordinator.
