Consent Agenda Item (Action Item): Summer Feeding Program

Applicable State or Regulations: KRS 162.90 Powers and duties of the local board.

Fiscal/Budgetary Impact: All costs for the Summer Feeding Program will come from federal reimbursement generated by the program funding. School nutrition employees will receive their daily rate as well as a \$20 daily stipend.

History/Background: Floyd County Schools will implement a Summer Feeding Program which will include mobile routes as well as individual school feeding sites. Multiple schools will be open to provide meals for children from 1 year old to 18-year-old. Our mobile routes will target housing authorities in each of the attendance areas in the county tentatively scheduled from June 11th, 2026 until August 1st, 2026. The most cost effective and efficient way to provide this oversight is through adding additional days for school nutrition employees to deliver and serve meals at designated sites. The employees will receive stipend pay for completing a full day Summer Feeding.

Recommended Action: Approve as recommended

Contact Person(s): Brian K. Handshoe Sr., Director – School Nutrition Director
