### Special Education and Preschool Board Report

1. Mrs. LaCalameto created a snack cart this year to give some of our special education students the opportunity to gain responsibility, work on social skills, work on numeracy skills, real world experiences, etc. through learning how to make change, keep up with inventory, etc. The money earned from the cart was used for community outings to allow the students to practice their skills in real world settings. The below pictures are from a trip to McDonald's this week.
