Drug Testing of Student Athletes

PROCEDURE FOR DRUG TESTING STUDENTS

*Relates to Policy 09.313, 09.313.01F***TIME OF TESTING**

To the greatest extent possible, this test shall be performed randomly. Students are subject to testing:

1. At any time between first day of the school year and the last day of school

Scheduled times for random drug testing shall be selected by the DPP and must be conducted no fewer than nine (9) times during the school year.

During each random drug test, no fewer than twenty-five percent (25%) of all student's subject to drug testing during the year shall be tested.

RANDOM DRAWING

The Company will provide a computerized method by which to randomly select the students to be tested for each random test performed. The selection will be conducted by a person from the testing vendor and supervised by the DPP.

COLLECTION PROCESS

The company will work closely with the DPP to develop, maintain and administer collection procedures for urine specimens. These procedures shall be accepted in the testing industry as appropriate procedures to minimize intrusion or embarrassment to students, ensure proper identification of student and urine specimens, reduce the likelihood of adulteration of urine specimens, and make reasonable efforts to maintain confidentiality of test results. To that end, the following procedures shall apply:

- A. A coach/sponsor of the athletic team/ extracurricular or the principal or designee at the school shall be present immediately prior to the collection process to ensure proper student identification.
- B. Student athletes who attend classes off campus (College or Liberty Academy) who are selected for testing must report to Baptist Medical Group, located at 1006 New Moody Lane, La Grange KY 40031, for testing by close of business the next day. These student-athletes and their families will be notified on the morning of testing at each home school.
 - a. Example. A College or Liberty student is selected on a Tuesday morning. He/she must complete a walk in screening by the close of business on the next day, Wednesday.
- C. At least one representative of the Company shall be present to conduct the collection process.
- D. The Company shall provide the participants with a container in which to collect urine. The participant shall be permitted to absolute privacy during the collection process.
- E. Immediately prior to entering the bathroom facility being used for the collection process, the participant shall be required to leave all personal belongings (including jackets, purses, book bags, pocket contents, etc.) in the custody of the school representative present for student identification.

PROCEDURE FOR DRUG TESTING STUDENTS

*Relates to Policy 09.313, 09.313.01F***COLLECTION PROCESS (CONTINUED)**

- F. Within four (4) minutes of the collection of the urine specimen, a representative of the Company must utilize a temperature strip to test the temperature of the urine specimen. Urine specimens testing below ninety (90) degrees Fahrenheit shall be discarded and the participant shall be required to produce another urine specimen. A participant whose specimen has a temperature of over one hundred (100) degrees Fahrenheit shall be subject to having his/her temperature taken orally by a representative of the Company. If the differential between the participant's body temperature and the temperature of the urine specimen is not within the acceptable range as determined by the Company, the participant will be required to produce another urine specimen.
- G. Student marked absent by the school office or on an approved field trip on the day of random testing, shall not be penalized for not undergoing testing. If a student is marked present at school on the day of testing, but does not appear for testing, school staff will attempt to locate student. If reasonable efforts to locate the student are unsuccessful, the student will be considered to be refusing to submit to testing. If the student does not produce a sample within three (3) hours of the first attempt, the student will be considered to be refusing to submit to testing and will be excluded from his/her sport or extracurricular activity until such time as he/she is randomly selected for another drug test. This exclusion may include the entire school year if the computer does not randomly select that student.
- H. Students having difficulty producing a sample will be required to remain with the representative of the Company and the DPP at the school testing location until he/she produces a urine sample.
- I. The bathroom facility used shall be selected by the school representative and the DPP and shall be on the premises of the school whose students are being tested.

TESTING PROCESS

- A. All scientific analyses of the collected specimens must be conducted by a professional testing laboratory that is certified in the industry or by the federal government. Each specimen shall be tested by testing laboratory using a highly accurate immunoassay technique. Initial positive results must be confirmed by gas chromatography/mass spectrometry (GC/MS). The confirmation test shall not be considered a separate test, but shall be part of the initial test as it will be conducted on a portion of the urine collected for the initial test.
- B. The Company will preserve a portion of the urine specimens given by each student who test results are positive for a minimum of six (6) months.

Drug Testing of Student Athletes

PROCEDURE FOR DRUG TESTING STUDENTS

*Relates to Policy 09.313, 09.313.01F***VIOLATIONS**

Violation of OCBE Policy 09. 313 AP1 are as set forth in that Policy with regards to all levels of offenses. In addition, for first offenses, if a student athlete elects to participate in a drug assistance program acceptable to the school district and undergo weekly testing, that student may not resume participation in their sport until such time as the level of drug initially detected in the system no longer impairs the student athlete's ability to participate in that sport safely, as determined by the Medical Review Officer with the Company. During weekly drug testing pursuant to a first offense under OCBE Policy 09.313 if the level of the drug(s) initially detected increases or if a new drug is detected, it shall be considered and treated as a second offense.

VOLUNTARY PARTICIPANTS

The Board of Education encourages all students, whether participating in extracurricular activities covered by this Policy or not, and all staff members to undergo voluntary random drug testing to promote a completely drug-free environment in our schools.

Voluntary participants will be subject to all the same procedures as student athletes and extracurricular activities.

Voluntary participants will be assigned identification numbers, that are not the person's social security number, and their names will be randomly selected by the same computer system as described above in Paragraph VII.

Voluntary participants are subject to selection at any time during the regular school year.

COST OF TESTING

The Board of Education shall be responsible for the cost of any random drug test on all students.

Subsequent testing due to a first offense shall be the responsibility of the student and the parent. Testing shall be performed by the Company and the rates will be the same as those given to the OCBE for random drug tests. Payment of those tests shall be issued to the OCBE within thirty (30) days after collection of urine for drug testing and sent to the Oldham County Board of Education, Att.: Director of Pupil Personnel, 6165 W. Highway 146, Crestwood, KY 40014.

APPEALS

Any student determined to be in violation of this Policy and Procedure may appeal the Principal's/designee's decision to the Superintendent of the Oldham County Schools. This appeal must be in writing and filed with the Superintendent no later than three (3) school days after the Principal's decision. The Superintendent will review the matter for any procedural errors. The

Superintendent will issue a written determination no later than ten (10) school days after receipt of the appeal.

Drug Testing of Student Athletes

PROCEDURE FOR DRUG TESTING STUDENTS

Relates to Policy 09.313, 09.313.01F

APPEALS (CONTINUED)

Any student may further appeal the matter by filing a written appeal with the Oldham County Board of Education (OCBE) no later than ten (10) school days after the Superintendent's decision. The OCBE will hold an informal hearing at the next regularly scheduled board meeting after it receives the appeal, at which time the student may present evidence in his/her favor. The hearing will be closed unless the student requests that it be open. The OCBE will make a decision at the ending of the hearing, which decision shall be final.

The student may not participate in any sport or extracurricular during this appeal process.
