Re: Extend supply leads to new diffusers in
new drop ceiling.
Estimate #: 1821
Property: Anchorage Public School
Address: 11400 Ridge Rd, Anchorage , Ky
40223

As requested, we are pleased to offer our proposal for the above referenced project as follows:

SCOPE OF WORK

Provide and install 10 new diffusers for 12" supply leads.
Provide and install 2 new diffusers for 7" supply leads.
Provide flexible duct to extend the old supply leads to the new locations on the new drop ceiling.
The new diffusers will be located as close as possible to the old locations to simplify the ducting.
Provide and install 10 new eggcrate return grills. This will make the area above the new drop ceiling a return plenum; these will be placed as close as possible to the existing return locations.
All work will be done during normal business hours.
We would like to install the diffusers after the grid is installed and before the tiles are installed. This will reduce labor and prevent the tiles from being damaged.

QUALIFICATIONS

1. Due to recent tariff agreement changes, this price remains valid for a limited time. However, it may be subject to revision before accepting a written purchase order.
2. Prior to acceptance of a written PO this price may need to be updated.
3. Work delays resulting from conditions beyond the control of Walker Mechanical and/or those that are caused by owner or owner's contractors shall result in additional charges.
4. Any problems found with existing parts, material or equipment will be additional to this proposal.

This proposal is based on the following documentation and as indicated in the scope of work above.
