RE: Incident IQ Renewal for 26-27

Incident IQ has served as our work order system for the last 3+ years. We consolidated both facilities and technology under one umbrella, created a sustainable workflow for both departments, managed inventory like never before, reduced the amount of at-risk devices, and gave teachers the ability to change student passwords among other things.

I ask that we continue using Incident IQ as our work order and asset management system.

Thank you for your consideration!
