 - a. [Handbook Reading 26-27 fourth reading](#) will be approved at the June meeting.
 1. Change to the policy for students checking out. Currently EHS parents can send an email to check their student out. Beginning the 2026/27 school year, students MUST bring in a written note from the parent and be turned into the office in the AM or the parent has to come in personally and sign in their student. The change is due to new Accountability Indicators for Attendance that is being federally mandated. This change is an attempt to keep the students in the building and decrease our number of chronically absent students. A student is considered chronically absent if they miss more than 10% of scheduled school days whether excused or unexcused.
