

MCES

Titan Sports Academy

Vision

To inspire every child to grow as a confident teammate, courageous leaders, and lifelong learner through positive sports experiences that build character, teamwork, and healthy habits.

Mission

Titan Sports Academy develops the physical, social, and emotional growth of young learners through age-appropriate sports experiences that build skills, teamwork, character, and confidence in a safe and inclusive environment.

Purpose

To teach foundational athletic and life skills, including teamwork, communication, self-control, perseverance, and respect, while helping students develop confidence and skills.

Excellence Begins Here

MCES

Titan Sports Academy

Program Goals

- Develop age-appropriate sports skills
- Promote teamwork and cooperation
- Strengthen emotional regulation skills
- Increase student confidence and engagement

Alignment

Titan Sports Academy directly supports the Mercer County School District's Athletics programs by building the foundational skills needed to compete at a high level at an early age.

Benefits

- Improved student sports skills
- Increase in physical activity and wellness
- Strengthen school culture
- Early exposure to teamwork and leadership
- Establishing a foundation for future participation in athletics

Excellence Begins Here

Funding & Equipment

Funding

Community sponsors, parents, MCES PTO

Equipment Needed (pilot)

Flag Football: youth flag belts, foam footballs, cones, field markers

Basketball: youth basketballs, cones, pennies, ball rack, portable goals

What Titan Sports Academy is not?

Titan Sports Academy is designed to complement, not replace or compete with the outstanding youth sports opportunities already available in our community.

Not a Competitive Sports League

Titan Sports Academy is not intended to compete with local youth leagues, recreation programs, travel teams, or community sports organizations. This program seeks to support and strengthen those opportunities by helping students develop skills to prepare them for the future.

Not a Traditional Sports Season

Titan Sports Academy is not structured around wins, losses, standings, or tournaments. Rather than focusing on competition, the program emphasizes skills development, teamwork, sportsmanship, student growth, and participation.

Not a Significant Time Commitment

The program is intentionally designed to be manageable for students and families. Meaningful development while respecting families time.

Not a Financial Burden to Families

The program is intended to be accesible to all students. The program will focus on minimizing costs and reducing barriers to entry.
