Enhancing Aviation Opportunities: Establishing a Shawnee Satellite Campus at Bowman Field

Relieve the Pressure on Shawnee High School

Establishing a satellite campus at Flight Club 502's Bowman Field will significantly alleviate the stress on Shawnee High School's facilities, which are currently at capacity. By moving some programs to Bowman Field, we can provide Shawnee students with the necessary space and resources to fully develop and expand their aviation education.

Expand Opportunities for West End Students

This initiative will offer valuable opportunities for Shawnee students, especially those from the West End. Relocating some aviation programs to Bowman Field will enhance the educational experience, support the principal and assistant superintendent, and pave the way for exciting career opportunities in aviation.

Addressing Misconceptions and Ensuring Excellence

Shawnee High School is the only school in Kentucky certified with GTE for flight training. By setting up a satellite campus at Bowman Field, Shawnee can maintain its unique certification and continue offering flight training for their students.

Free Up Crucial Space at Shawnee High School

The new satellite campus at Bowman Field will free up essential space at Shawnee High School, allowing better management of resources and providing a more focused learning environment for all students. This relocation will optimize Shawnee's facilities, benefiting the entire school community.
