Principal & Assistant Principal Summative Evaluation Plan Components

Overview and Summative Model

The following graphic outlines the summative model for the principal and Assistant principals' sources of evidence and performance standards ratings aligned with Performance Measures.

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment to determine the rating on Principal Performance Standards aligned with the Performance Measures of Planning, Environment, Instruction, and Professionalism. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. The professional judgment must be grounded in the Principal Performance Standards aligned with the Performance Measures, site visits, Professional Growth Plan, and other sources of evidence. Evaluators will also consider how principals respond to or apply additional supports and resources designed to promote student learning, and their own professional growth. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual Performance Measures. These factors may include school-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

Training to Evaluate

The Superintendent or designee shall be trained annually in the district's Certified Plan for Principals, District Administrators, and Certified Coordinators to evaluate individuals in these categories. Principals shall be trained to evaluate assistant principals. Evaluators shall be provided with district support, resources, and EILA-approved training. The district will ensure that all evaluators complete Initial Certified Evaluation training and thereafter have an annual 6 hour, EILA approved update training on evaluation

per 704 KAR 3:370, Section 6 (d). Evaluators shall meet the state and district CEP requirements prior to conducting evaluations.

Timeline for Late Hires

Employees under this section of the evaluation system hired after the first instructional day shall complete all components of the evaluation process.

Performance Measures to Determine Ratings

The Professional Standards for Educational Leaders are designed to support student achievement and professional best-practice through the standards aligned with the Performance Measures:

- ◆ Standard 1--Mission, Vision, and Core Values aligns with the Performance Measure of Planning
- ◆ Standard 2--Ethics and Professional Norms aligns with the Performance Measure of Professionalism
- ◆ Standard 3--Equity and Cultural Responsiveness aligns with the Performance Measure of Environment
- ◆ Standard 4--Curriculum, Instruction, and Assessment aligns with the Performance Measure of Instruction
- ◆ Standard 5--Community of Care and Support for Students aligns with the Performance Measure of Instruction
- ◆ Standard 6--Professional Capacity of School Personnel aligns with the Performance Measure of Instruction
- ◆ Standard 7--Professional Community for Teachers and Staff aligns with the Performance Measure of Environment
- ◆ Standard 8--Meaningful Engagement of Families and Community aligns with the Performance Measure of Professionalism
- ◆ Standard 9--Operations and Management aligns with the Performance Measure of Planning
- ◆ Standard 10--School Improvement aligns with the Performance Measure of Planning

Included in the Professional Standards for Educational Leaders are performance indicators that provide examples of observable, tangible behaviors for evidence of each standard. The Professional Standards provide the structure for feedback for continuous improvement for the Performance Measures through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Each Professional Standard is aligned with the Performance Measures and will be rated according to four ratings in combination with professional judgment.

The Performance Levels are:

- ◆ Exemplary--consistently exceeds expectations for effective performance.
- ◆ Accomplished--consistently meets expectations for effective performance.
- ◆ Developing--inconsistently meets expectations for effective performance.
- ◆ Ineffective--consistently fails to meet expectations for effective performance.

Evaluators may use the following categories of evidence in determining overall ratings:

- ◆ Professional Growth Planning
- ◆ Self-Reflection
- ◆ Site-Visits

- ◆ Measures of Student Learning
- ◆ Products of Practice
- ◆ Other Sources

Products of Practice/Other Sources of Evidence

Principals/Assistant principals may provide additional evidences to support assessment of their own professional practice. These evidences should yield information related to the principal's/assistant principal's practice within the measures. Principals/assistant principals may include items from the following list:

Table 1: Products of Practice/Other Sources of Evidence

SBDM Minutes	State, local, and building-level survey data
Faculty Meeting Agendas and Minutes	Professional Organization memberships

Self-Reflection & Professional Growth Planning

Completed by principals and assistant principals

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including site-visit conferences, data on student achievement, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on student achievement. The principal shall complete the Professional Growth Plan for collaboration and approval by the Superintendent/Designee, and the assistant principal shall follow the same protocol for collaboration and approval by the principal.

Required:

- ◆ All principals will participate in self-reflection and professional growth planning each year.
- ◆ All assistant principals will participate in self-reflection and professional growth planning each year.
- ◆ All principals and assistant principals will document self-reflection and PGP in the state and/or district-approved platform.

♦ **Table 1: Principal/Assistant Principal Summative and PGP Timeline**

By August 1	Superintendent or designee will review expectations of CEP
By September 30	Principal/Assistant Principal collaboratively develop Professional Growth Plan
By January 15	Superintendent or designee will conduct first Site Visit and conference with principal/assistant principal to review/reflect upon all plans and modify any strategies as needed
By April 15	If necessary, Superintendent or designee will conduct second Site Visit.
By June 15	Superintendent or designee will conference with principal/assistant principal to review all PGP goals, modify any strategies/prepare updates for the upcoming school year, and communicate Summative Rating for Professional Practice.

- ♦ **Additional conferences and/or site visits may be held as deemed necessary to monitor PGP progress**
- ♦ **All dates are tentative based on the adjustment of the school calendar. *If educators miss 90 or more contract days (e.g., late hires/individuals on leave), supervisors may utilize other sources of evidence (walkthrough data, site visit data, assessment data, etc.) to assist in the completion of the summative evaluation with approval of district personnel.***
- ♦ **Principal/Assistant Principals hired October 1 to March 1 will have 30 calendar days from hire to develop a Professional Growth Plan based on self-reflection and conference with superintendent/designee.**

***At a minimum the progress toward meeting the professional growth plan will be monitored during each site visit conducted by the superintendent/designee. Additional monitoring protocols may be put in place if the principal is not progressing adequately.**

Principal Site-Visits

Completed by supervisor of principal

Site visits are a method by which the superintendent/designee may gain insight into the principal's practice in relation to the Principal Performance Standards aligned with the Performance Measures of: Planning, Environment, Instruction, and Professionalism. Site visits may begin after the principal has participated in evaluation training, which must occur within 30 calendar days of reporting for employment. The required number of site visits is the minimum requirement. Additional site visits may be conducted. If necessary, the second site visit will take place prior to April 15. During the follow-up conference with the principal, the superintendent or designee will review all Principal Performance Measures and give feedback using the site visit form about each measure on the district-approved platform or form.

Required:

- ♦ **Conducted at least once each year prior to January 15.**
- ♦ **Evidence from site visits will be recorded using either the district-approved technology platform or a district approved form/document.**
- ♦ **Review and record evidence from site visit aligned with the Principal Performance Measures and Site Visit Document**

Assistant Principal Site-Visit

Completed by principal

Site visits with assistant principals should occur by January 15 and should be documented within the district-approved technology platform or on a district-approved document. If necessary, a second site visit will take place prior to April 15. Conferencing should address measures and provide feedback for professional growth planning.

Required:

- ◆ **Conducted at least once per year by January 15.**
- ◆ **Evidence from site visits will be recorded using either the district-approved technology platform or a district approved form/document.**
- ◆ **Review and record evidence from site visit aligned with the Principal Performance Measures and Site Visit Document.**

Principal Process for Determining the Summative Rating

A summative conference shall occur annually for principals/assistant principals on a limited contract at the end of the one-year evaluation cycle to determine an overall summative rating for principals and assistant principals. Superintendents (or designee) are responsible for determining the summative rating for principals and principals are responsible for determining assistant principal ratings. The process will consist of a review of the evidence provided at site visits and progression in the Principal Performance Standards aligned with the four Performance Measures to assign a summative rating. The evaluator will use the *Criteria for Determining a Summative Rating* (Table 2) to determine the overall Summative Rating. Summative ratings for Principals/Assistant Principals shall be completed no later than June 15. The principal/assistant principal must be provided either electronic or hardcopy access to all evaluation documents. A hardcopy must be signed and dated by both parties and provided to the district office for the individual's personnel file. Employees shall have an opportunity to provide a written response to all evaluations which shall be placed in the employee's personnel file.

District Certified Personnel Evaluation for District Administrators, Directors, & Certified Coordinators

Site visits with district administrators, directors, and coordinators should occur by January 15 and should be documented within the district-approved technology platform or on a district-approved document. A second site visit, if necessary, will take place prior to April 15. Conferencing should address measures and provide feedback for professional growth planning.

District administrators, directors, and coordinators will receive a summative rating based upon the district summative schedule, occurring once every five years for those on a continuing contract (certified coordinators) and annually for those on a limited contract (district administrators and directors). The summative rating will be documented utilizing the *Summative Rating of Professional Practice Document for District Administrators, Directors, and Certified Coordinators and the Professional Growth Plan for District Administrators, Directors, and Certified Coordinators* (see the appendix). The Professional Standards for Educational Leaders are aligned with the four Performance Measures: Planning, Environment, Instruction, and Professionalism to determine an overall summative rating. Included in the Professional Standards are performance indicators that provide examples of observable, tangible behaviors as evidence of each standard, which allows for continuous improvement and professional growth. Performance will be rated for each standard according to four performance measures in combination with professional judgment.

Professional Standards for Educational Leaders and Performance Measure alignment include:

- ♦ STANDARD 1—Mission, Vision, and Core Values aligns with the Performance Measure of Planning
- ♦ STANDARD 2—Ethics and Professional Norms aligns with the Performance Measure of Professionalism
- ♦ STANDARD 3—Equity and Cultural Responsiveness aligns with the Performance Measure of Environment

The Performance Levels are:

- ♦ Exemplary--consistently exceeds expectations for effective performance.
- ♦ Accomplished--consistently meets expectations for effective performance.
- ♦ Developing--inconsistently meets expectations for effective performance.
- ♦ Ineffective--consistently fails to meet expectations for effective performance.

If educators miss 90 or more contract days (e.g., late hires/individuals on leave), supervisors may utilize other sources of evidence (walkthrough data, mini observation data, assessment data, etc.) to assist in the completion of the summative evaluation with approval of district personnel.

Self-Reflection

Self-Reflection is a process by which educators assess the effectiveness of their instructional planning, implementation, content knowledge, beliefs, and dispositions for the purpose of self-improvement. When educators collect evidence, align it to their standards, then use that evidence and data to study what worked, what did not work, and what types of changes might lead to success, the likelihood of knowing how to improve increases dramatically. Evidence suggests that self-reflection is a critical component of the evaluation process (Airason & Gullickson, 2006; Tucker, Stronge, & Gareis, 2002).

The goal of self-reflection is to improve practices through ongoing thinking on how professional practices impact teacher and student learning. District personnel should conduct the self-reflection using the identified standards. This process will look much like the principal self-reflection. Using the results of the self-reflection, the educator determines the area of growth and identifies at least one area to create the professional growth goal. The attainment of this goal is facilitated through the development of a Professional Growth Plan (PGP) that either develops or enhances professional practices and leadership skills.

Professional Growth Plan

The goal of a PGP is to facilitate the translation of growth needs identified through self-reflection as well as other processes into practical activities and experiences. For example, it may be necessary that professional learning is required to meet the needs of the district to reach a student growth goal. Activities and experiences that are identified as being of value to educators in developing professional practices and leadership skills should be identified growth needs in the PGP. A plan should include opportunities designed to support collaboration, learning, and impact delivery goals of the district. Research shows for professional growth to be effective, it should be a deliberate process that occurs within the context of a professional's daily activities and connects back to student learning (Marzano, 2003).

The PGP should address realistic, focused and measurable professional goals. As district staff collaborate to identify explicit goals, these goals become the focus of professional growth activities.

Reflective practices and professional growth planning are cyclical in design. The educator:

1. Uses the standards to reflect on his or her current growth needs based on the results of the self-reflection process and identifies an area, or areas, for focus
2. Collaborates with the supervisor to develop a PGP and identify action steps
3. Implements the plan
4. Regularly reflects on the progress and impact of the plan on professional practice
5. Shows evidence of modification of the plan as appropriate
6. Continues implementation and reflection

The district employee should meet with the primary evaluator to develop and receive feedback on the PGP.

Professional growth plans should address the following questions:

1. What do I want to change about my practice that will effectively impact my job performance?
2. How can I develop a plan of action to address my professional learning?
3. How will I know if I accomplished my objective?

Provide evidence on these question responses to validate why this was the selected focus. Self-Reflections and Professional Growth Plans will be documented using district determined forms or methods.

District Administrator, Directors, & Certified Coordinator Summative Evaluation Components

A summative conference shall occur at the end of the five-year evaluation cycle to determine an overall summative rating for certified coordinators, and the end of a one-year evaluation cycle for all district administrators and directors. The primary evaluator is assigned by the Superintendent within 30 days after the start of school. The primary evaluator is responsible for determining the Summative Performance Rating for the employee. The process will consist of a review of the evidence provided in relation to the Professional Growth Plan, job description and progression in the Professional Standards for Educational Leaders aligned with the four Performance Measures of: Planning, Environment, Instruction, and Professionalism to assign an overall summative rating. The evaluator will use the *Criteria for Determining a Summative Rating* (Table 3) to determine the overall Summative Rating. Summative ratings for District Administrators, Directors, and Certified Coordinators shall be completed no later than June 15th of the summative year. The employee must be provided either electronic or hardcopy access to all evaluation documents. A hardcopy must be signed and dated by both parties and provided to the district office for the individual's personnel file. Employees shall have an opportunity to provide a written response to all evaluations which shall be placement in the employee's personnel file.

Corrective Action/Improvement Plan

A Corrective Action/Improvement Plan is to provide the teacher/administrator/other professional with additional assistance and supervision to help him/her to meet performance expectations as outlined in the district Certified Evaluation Plan. The Plan may be written at any time during the school year if the teacher/administrator/other professional demonstrates behaviors contrary to the representative duties/essential functions as outlined in the job description, and/or exhibits ineffective practices as outlined in the Kentucky Framework for Teaching and Other Professionals, the Principal Performance Standards, or the Superintendent Standards.

A Corrective Action/Improvement Plan will be developed by the evaluator to address specific deficiencies in the teacher/administrator/other professional's performance and/or behavior(s). Once a Corrective Action Plan has been implemented, there will be more specific assistance provided to improve performance and more frequent monitoring and review of progress by the evaluator.

The evaluator will show evidence of supports provided to the evaluatee by documenting minutes of all meetings regarding the Corrective Action/Improvement Plan. All Corrective Action/Improvement Plan review meeting minutes shall include:

- ♦ a list of all participants

- ◆ signatures of all in attendance
- ◆ dates and times of review meetings
- ◆ deficiencies discussed
- ◆ goals addressing indicator(s) and/or representative duties/essential functions identified as areas of improvement
- ◆ activities/strategies to facilitate goal attainment
- ◆ date of next review

When the deficiency has been corrected, the evaluatee will move back into the Professional Growth Plan Cycle. If there is no improvement with the Corrective Action/Improvement Plan, the evaluator may choose to seek the help of a Corrective Action Team to work with the employee.

Corrective Action Team

A Corrective Action Team may be requested by the evaluator if the initial Corrective Action Plan leads to limited or no improvement. The following procedures would be initiated:

- ◆ The evaluator conferences with the employee and indicates the desire to form a corrective action team.
- ◆ The evaluator will conduct at minimum one mini and one full observation.
- ◆ In collaboration with the employee, a team will be mutually selected.
- ◆ A district representative shall be a member of the Corrective Action Team.
- ◆ All Corrective Action Team meeting minutes shall include:
 - a list of all participants including at minimum one district representative
 - signatures of all in attendance
 - dates and times of review meetings
 - deficiencies discussed
 - goals addressing indicator(s) and/or representative duties/essential functions identified as areas of improvement
 - activities/strategies to facilitate goal attainment
 - date of next review

If the employee, in the judgement of the evaluator, makes sufficient progress with the team's assistance, then the employee may be placed back onto the Corrective Action Plan or into the Professional Growth Plan Cycle. If there is no improvement with the Corrective Action Team, the district may choose to terminate the employment of the teacher or other professional.

Appeals

Required

- **Districts shall have an appeals process established.**

According to 156.557 Section 9, Section 9.

(1) A certified employee who feels that the local district is not properly implementing the evaluation plan according to the way it was approved by the Kentucky Department of Education shall have the opportunity to appeal to the Kentucky Board of Education.

(2) The appeal procedures shall be as follows:

(a) The Kentucky Board of Education shall appoint a committee of three (3) state board members to serve on the State Evaluation Appeals Panel. Its jurisdiction shall be limited to procedural matters already addressed by the local appeals panel required by KRS 156.557(5). The panel shall not have jurisdiction relative to a complaint involving the professional judgmental conclusion of an evaluation, and the panel's review shall be limited to the record of proceedings at the local district level.

(b) No later than thirty (30) days after the final action or decision at the local district level, the certified employee may submit a written request to the chief state school officer for a review before the State Evaluation Appeals Panel. An appeal not filed in a timely manner shall not be considered. A specific description of the complaint and grounds for appeal shall be submitted with this request.

(c) A brief, written statement, and other document which a party wants considered by the State Evaluation Appeals Panel shall be filed with the panel and served on the opposing party at least twenty (20) days prior to the scheduled review.

(d) A decision of the appeals panel shall be rendered within fifteen (15) working days after the review.

(e) A determination of noncompliance shall render the evaluation void, and the employee shall have the right to be reevaluated.
