Navigating with Purpose: A Pathway to the Future

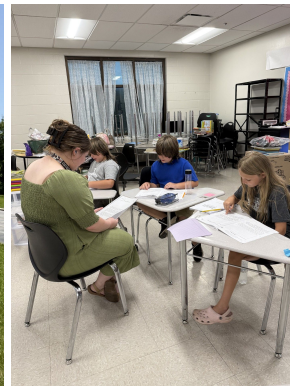

Menifee Central Instructional Spotlight

Menifee Central's 21st Century Summer School Program was held from June 8 through July 3, with approximately 30 students attending each day. Students strengthened their reading and math skills while participating in a variety of enrichment activities. Each Friday, students celebrated their hard work with a trip to the county pool.

Thank you to our dedicated staff and hardworking students for making this year's summer program a success!
