MEMORANDUM

To: Christian County Board of Education Board Members

From: Corey Batey, Director of Special Education

Date: July 16, 2026

Re: ARC Chairpersons (CCPS Representatives)

According to our special education procedures, “the Superintendent, in consultation with the Director of Special Education, will recommend to the Board of Education for approval a list of CCPS Representatives”. The Christian County School District (CCPS) representative is also defined in our procedures as “the principal of the school or other administrator who has knowledge about the general education curriculum, is qualified to supervise the provision of special education and is able to commit personnel and fiscal resources for the implementation of the IEP. The principal may assign a designee to serve as the CCPS representative”.

Attached is a list of the CCPS representatives that I would like for you to recommend to the Board of Education for approval for the 2026-2027 school year. By approving these individuals to serve as the CCPS representative, the board is granting them authority to obligate resources for the implementation of Individual Education Plans for students with disabilities.

A list of all personnel who are qualified to chair ARC meetings as of August 11, 2026
