Re: PCHS SBDM Council Carry Over

To whom it may concern,

At the end of the school year I requested to carry over approximately \$4,000 from the high school's 25-26 SBDM council funds into the following school year. At that time there was a significant purchase that I believed would be coming out of the 25-26 school year's funds. Due to that purchase no longer being required of the high school I now have an additional \$4,425 I would like to request to carry over.

The high school has many projects and needs for these funds that I had to turn down because I believed they were going to have to be used to cover other costs. I will work with my new SBDM council to prioritize those projects and requests in order to maximize student achievement and safety as always.

If you have any additional questions please feel free to contact me.

Regards,
