Retroactive Approval

Consent Agenda Item (Action Item): Consider/Approve a Lease Agreement for five (5) Chevrolet Express 2500 vans, one (1) Chevrolet Silverado 2500 truck, one (1) Ford F-150, and one (1) Chevrolet Silverado.

Applicable State Law or Regulation: General Powers and Duties of the Board (01.11)

Fiscal/Budgetary Impact: Approval of this lease agreement will result in an estimated savings of approximately **\$856 per month, or \$10,268.24 annually**, compared to the district's current lease costs.

History/Background:

The lease terms for the district's 2019 and 2020 trucks and vans are nearing expiration. Due to the equity built into the current leased vehicles, replacing them at the end of their lease terms will reduce the district's monthly lease costs while ensuring the fleet remains current and reliable.

Continuing to lease through Enterprise Fleet Management provides both financial and operational benefits. The program includes a comprehensive maintenance management system that helps control repair costs through negotiated pricing, preventive maintenance scheduling, and access to a nationwide network of qualified service providers. These services reduce unexpected maintenance expenses, minimize vehicle downtime, and help ensure the district's fleet remains safe, reliable, and under warranty.

In addition, Enterprise Fleet Management oversees vehicle acquisition, disposal, titling and registration, maintenance coordination, and lifecycle planning. These services reduce the district's administrative workload, provide predictable fleet replacement schedules, support more effective long-term budgeting, and maintain a dependable, up-to-date fleet.

Recommended Action: Approve the lease agreement as presented.
