The plan shall address how the school will meet the academic needs of the students in the various gap groups.

School Resource Officers (SROs)**DEFINITION**

"School Resource Officer" SRO means an officer whose primary job function is to work with youth at a school site who has specialized training to work with youth at a school site and is:

- (a)
 - 1. A sworn law enforcement officer certified under KRS 15.380 to KRS 15.404; or
 - 2. A special law enforcement officer appointed pursuant to KRS 61.902 and certified under KRS 15.380 to KRS 15.404; or
 - 3. A police officer appointed as a certified SRO; and
- (b) Employed:
 - 1. Through a contract between a local law enforcement agency and a school district;
 - 2. Through a contract as secondary employment for an officer, as defined in KRS 16.010, between the Department of Kentucky State Police and a school district; or
 - 3. Directly by a local Board of Education.¹

PURPOSE

The purpose of the SRO program is to: promote and foster a safe environment in schools, at school-sponsored events, and on school transportation; provide a law enforcement presence on school property and at school-sponsored events; enhance educational programs relating to safety and positive behaviors; and provide a liaison to community and law enforcement agencies. The purpose of the program is not to enforce or administer matters of school discipline and student conduct which are the responsibility of other District or school personnel.

ROLES AND EXPECTATIONS

- An SRO will have such training, certification, and commission as is required by provisions of KRS Chapters 15, 61, and 158. Per KRS 158.4414, an SRO who fails to successfully and timely complete SRO training requirements shall lose his/her SRO certification and shall no longer serve in the capacity of an SRO in a school. An SRO is also expected to obtain training on the use of physical restraint and seclusion as required of all school personnel except additional training applicable to "core team" school personnel designated to respond to dangerous behavior.²
- An SRO is vested with law enforcement jurisdiction and authority as described in KRS 61.902 to KRS 61.930 and other applicable law, including, but not limited to, investigating and responding to possible criminal offenses and to health or safety threats to students or school personnel.
- As authorized under the Family Educational Rights and Privacy Act ("FERPA"), SROs are designated as the District's "law enforcement unit" possessing the law enforcement authority and exercising safety and security functions described in state law and referenced above. Records created and maintained by an SRO for a law enforcement purpose do not constitute education records under FERPA.³ District staff other than law enforcement personnel are not responsible for the creation of law enforcement records and are expected to observe restrictions on access to such records. An SRO is expected to provide guidance and insight to District officials and staff on such restrictions.

School Resource Officers (SROs)**NATURE OF EMPLOYMENT**

An SRO who is directly employed by the District is a classified employee. An SRO is therefore generally covered by District classified employee policies, including, but not limited to, policies regarding terms and conditions of employment; fringe benefits; employee discipline; and reductions in force.⁴ However, as applied to an SRO, such general District classified employee policies may be subject to the terms of his/her contract with the District; his/her job description; and his/her authority to carry out certain law enforcement functions as permitted by law, including, but not limited to, statutory provisions permitting officers to carry and use weapons.⁵

ASSIGNMENT

The Board shall ensure, for each campus in the District, that at least one (1) certified SRO is assigned to and working on-site full-time in the school building or buildings on the campus. If sufficient funds and qualified personnel are not available for this purpose for every campus, the Board shall fulfill the requirements on a per campus basis, as approved in writing by the State School Security Marshal, until a certified SRO is assigned to and working on-site full-time on each campus in the District.

BOARD MAY AUTHORIZE POLICE DEPARTMENT

KRS 158.471 provides that the Board is authorized to establish a police department for the District, appoint police officers and other employees, prescribe distinctive uniforms for the police officers of the District, and designate and operate emergency vehicles. Police officers appointed shall take an appropriate oath of office in the form and manner consistent with the constitution of Kentucky. Police officers shall be granted with the protections provided in KRS 15.520 and shall be certified in accordance with KRS 15.380.⁷

If the Board establishes a police department, the Superintendent/designee shall develop standard operating procedures governing the department.

The District police department shall provide criminal history records information to a requesting agency when that requesting agency is conducting a basic suitability or fitness assessment for federal or contractor employees under 5 U.S.C. sec 9101 in accordance with KRS 17.162.

TRAINING REQUIREMENTS

SROs with active SRO certification shall successfully complete forty (40) hours of annual in-service training that has been certified or recognized by the Kentucky Law Enforcement Council for SROs. Any SRO who fails to successfully complete training requirements within the specified time periods, including approved extensions, shall lose his/her SRO certification and shall no longer serve in the capacity of an SRO in a school.

FIREARM REQUIREMENT

Each SRO shall be armed with a firearm, notwithstanding any provision of local board policy, local school council policy, or memorandum of agreement.⁶

School Resource Officers (SROs)**SUPERINTENDENT TO REPORT**

No later than November 1 of each year, the Superintendent shall report to the Center for School Safety the number and placement of SROs in the District. The report shall include the source of funding and method of employment for each position.

GUARDIANS

Beginning with the 2026-2027 school year, the Board, if unable to meet the requirement for each campus in the District, that at least one (1) certified SRO is assigned to and working on-site full-time in the school building or buildings on the campus, may in consultation with and approval by the State School Security Marshal, employ one (1) or more Guardians to provide safety and security measures for schools within the District. The use of Guardians shall not be used to replace the certified SRO, but only to provide safety and security resources until a certified SRO is available.

Beginning with the 2026-2027 school year, the Board that has met the requirement for each campus in the District, that at least one (1) certified SRO is assigned to and working on-site full-time in the school building or buildings on the campus, may employ one (1) or more Guardians to provide additional school safety and security measures within the District.⁶

The Board allocation is the total financial resource available to that school in those budget categories for the fiscal year. The council may reassign these funds to alternate budget categories for purposes consistent with its responsibilities. The school shall not expend or commit to expend any funds in excess of those allocated to the school. Should this occur, the employee(s) responsible shall be subject to appropriate disciplinary action, and the Superintendent may require the school/council to present, for Board approval, a plan to reimburse the District for the amount spent in excess of the allocation.

All state allocated funds managed by the school but not expended by the end of the fiscal year, shall revert to the District general fund, unless the school council has received Board approval to escrow the funds to be used at a future date for an approved project.

BOARD APPROPRIATION

Religious Beliefs Excusal**NOTICE**

At the beginning of each school year, or upon enrollment of a student during the school year, the District shall provide written notice to all parents/guardians that the curriculum used in their child's grade level may contain material that families may find in conflict with their sincerely held religious beliefs. The notice shall inform parents/guardians of their right to request excusal from specific curriculum. The District is not required to identify or enumerate specific materials in the annual notice.

REQUEST FOR EXCUSAL

A parent/guardian may request that their child be excused from instruction involving specific curricular material that the parent/guardian sincerely believes conflicts with their religious beliefs; however, this Policy does not apply to entire courses or subject areas. No provision of this Policy shall be construed to authorize the excusal of a student from curriculum, instruction, or programming that is required by federal law or federal regulation.

Excusal under this Policy means the student is not required to read, listen to, view, or participate in discussion of the specifically identified material. Excusal does not extend to the entire course, unit, or subject area in which the material appears.

A student may not be excused under this Policy from curriculum or instruction that is required by Kentucky law or Kentucky administrative regulation, including but not limited to any course of study, instructional content, or assessment mandated by statute or by the Kentucky Board of Education. The right of excusal established by this Policy applies only to discrete instructional materials within a course and does not authorize excusal from a course or subject area in its entirety.

All requests for excusal under this Policy shall be submitted in writing to the Principal of the school in which the student is enrolled and shall include:

- a. the name of the complainant;
- b. the name and grade level of the student;
- c. a reasonably detailed description of the specific material to which the parent/guardian objects, sufficient to allow the Principal to locate and evaluate the material; and
- d. a statement that the parent/guardian sincerely believes the identified material conflicts with their religious beliefs.

DISTRICT REVIEW OF REQUEST

The District shall not inquire into the reasonableness, validity, or internal consistency of the claimed religious belief, and shall not require the parent/guardian to identify a specific religious denomination or institution. The Principal/designee shall review the identified material to confirm whether it demonstrably contains the content described before acting on the request. If the Principal determines that the identified material does not demonstrably contain the content described by the parent/guardian, the request may be denied.

Religious Beliefs Excusal**DISTRICT REVIEW OF REQUEST (CONTINUED)**

If the Principal denies a request, the parent/guardian may appeal in writing to the Superintendent within ten (10) calendar days of the Principal's decision. The Superintendent shall render a written decision within thirty (30) calendar days of receipt of the appeal, affirming or overruling the Principal's decision.

If the Superintendent denies the appeal, the parent/guardian may appeal in writing to the Board within ten (10) calendar days of the Superintendent's decision. The Board shall render a written decision within thirty (30) calendar days of receipt of the appeal, affirming or overruling the Superintendent's decision.

RESULT OF EXCUSAL

No student shall be penalized, disciplined, or subjected to differential treatment by any District employee because the student's parent/guardian has submitted a request under this Policy, whether granted or denied.

This Policy is independent of, and does not alter, limit, or supersede the rights provided under KRS 158.1415 or KRS 158.192. A parent/guardian seeking rights under either of those statutes shall proceed under the applicable statutory framework.

This Policy does not affect any right, obligation, or requirement imposed by federal law or federal regulation governing curriculum, instructional content, or student participation in educational programs.

Complaints regarding other issues shall be submitted pursuant to other appropriate policies including but not limited to: Grievances; Harassment/Discrimination; Title IX Sexual Harassment; Review of Instructional Materials; and Citizen Suggestions and Complaints.

Access to Electronic Media

(Acceptable/Responsible Use Policy)

The Board supports reasonable access to various information formats for students, employees and the community and believes it is incumbent upon users to utilize this privilege in an appropriate and responsible manner as required by this policy and related procedures, which apply to all parties who use District technology.

SAFETY PROCEDURES AND GUIDELINES

The Superintendent shall develop and implement appropriate procedures to provide guidance for access to electronic media and authorized communication system(s). Guidelines shall address teacher supervision of student computer use, ethical use of electronic media (including, but not limited to, the Internet, e-mail, and other District technological resources), and issues of privacy versus administrative review of electronic files and communications. In addition, guidelines shall prohibit utilization of networks for prohibited or illegal activities, the intentional spreading of embedded messages, or the use of other programs with the potential of damaging or destroying programs or data.

Guidelines and procedures should encourage details on how the District implements and facilitates digital learning tools and portable/mobile technologies to foster ubiquitous access for staff and students, emphasizing always-on, everywhere digital opportunity and empowering Districts and schools to fully understand digital access beyond the campus. With such District implemented resources, the guidelines for acceptable and responsible use shall still apply, regardless of the time, place, and means of utilization.

The District shall support teacher efforts in taking ownership of digital citizenship skills and educating their students in the same skills to foster a responsible, safe, secure, and empowered digital learning environment. Students shall be provided instruction about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms and cyberbullying awareness and response.

Internet safety measures, which shall apply to all District-owned devices with Internet access, District-managed systems and accounts, and personal devices that are permitted to access the District's network, shall be implemented that effectively address the following, regardless of the time, place, and means of utilization:

- Controlling access by minors to inappropriate matter on the Internet and World Wide Web;
- Safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- Preventing unauthorized access, including "hacking" and other unlawful activities by minors online;
- Unauthorized disclosure, use and dissemination of personal information regarding minors; and
- Restricting minors' access to materials harmful to them.

A technology protection measure may be disabled by the Board's designee during use by an adult to enable access for bona fide research or other lawful purpose.

Access to Electronic Media

(Acceptable/Responsible Use Policy)

SAFETY PROCEDURES AND GUIDELINES (CONTINUED)

The District shall provide reasonable public notice of, and at least one (1) public hearing or meeting to address and communicate its initial Internet safety measures.

Specific expectations for appropriate Internet use shall be reflected in the District's code of acceptable behavior and discipline including appropriate orientation for staff and students.

PERMISSION/AGREEMENT FORM

All applicable procedures and guidelines resulting from this AUP/RUP shall be readily available and for use by students, parents/guardians, faculty, staff and other to whom access is granted. A written parental or legal guardian request shall be required to opt-out of or rescind access to electronic media involving District technological resources. Or if applicable procedures require, a written parental request may be required to prior to the student being granted independent access to electronic media involving District technological resources. This document shall be kept on file as a legal, binding document.

The required permission/agreement materials, which shall specify acceptable uses, rules of online behavior, access privileges, and penalties for policy/procedural violations, must be acknowledged by the parent or legal guardian of minor students (those under 18 years of age) and also by the student. In order to opt-out, modify or rescind the agreement, the student's parent/guardian (or the student who is at least 18 years old) must provide the Superintendent with a written request.

EMPLOYEE USE

Employees shall not use a code, access a file, or retrieve any stored communication unless they have been given authorization to do so. (Authorization is not required each time the electronic media is accessed in performance of one's duties.) Each employee is responsible for the security of his/her own authentication credentials.

Employees are encouraged to use electronic mail and other District technology resources to promote student learning and communication with the home and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities.

Technology-based materials, activities and communication tools shall be appropriate for and within the range of the knowledge, understanding, age and maturity of students with whom they are used.

In accordance with KRS 160.145, the Board shall designate a traceable communication system for District employees and **qualified school** volunteers to communicate electronically with students **enrolled in the District**.

Access to Electronic Media

(Acceptable/Responsible Use Policy)

EMPLOYEE USE (CONTINUED)

A District employee or **qualified school** volunteer shall not **engage in unauthorized electronic communication**.

Networking, communication systems, and other options offering the ability to communicate directly with students may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

Students may only be invited or granted access to Board approved traceable electronic communications systems, including social media platforms and other digital communication sites, if the District has verified that the system meets acceptable data privacy standards and includes appropriate protections for student information. Furthermore, the students must meet the platform's minimum age requirements before being granted access or invited to access.

Staff members shall not use or create personal social networking accounts to which they communicate directly with or invite students to be friends.

See policy 08.2324 for complete details and guidelines **regarding Traceable Communications**.

EMPLOYEE CONDUCT AND REPORTING REQUIREMENTS FOR TECHNOLOGY USE

All District technology users shall demonstrate safe, savvy, and social digital citizenship skills by practicing respectful, responsible, and ethical use of technology. The District will ensure comprehensive instruction on digital citizenship, focusing on the nine (9) elements of digital citizenship: Digital Access; Digital Commerce; Digital Communication & Collaboration; Digital Fluency; Digital Etiquette; Digital Law; Digital Rights and Responsibilities; Digital Health and Welfare; and Digital Security & Privacy, as well as cyberbullying awareness and response strategies, are provided. All digital citizenship instruction shall align with the Kentucky Academic Standards for Technology and be reviewed regularly to reflect current best practices and emerging technologies. The District shall support efforts to instill digital citizenship skills in students to foster a responsible, safe, and empowered digital learning environment. District-provided technology resources shall be used in a manner that upholds the integrity, security, and privacy of district systems and supports educational goals regardless of the time, place, and means of utilization.

DISREGARD OF RULES

Individuals who opt-out of required responsible use documents or who violate District rules governing the use of District technology shall be subject to loss or restriction of the privilege of using equipment, software, information access systems, or other computing and telecommunications technologies.

Employees and students shall be subject to disciplinary action, up to and including termination (employees) and expulsion (students) for violating this policy and acceptable use rules and regulations established by the school or District.

RESPONDING TO CONCERNS

School officials shall apply the same criterion of educational suitability used to review other educational resources when questions arise concerning access to specific databases or other electronic media.

EMERGING TECHNOLOGIES

The District shall establish and maintain procedures that address the safe, secure and responsible uses of emerging technologies, including, but not limited to, artificial intelligence (AI) and AI-enhanced or generative AI features. These procedures shall be reviewed and updated regularly to ensure alignment with current technological advancements, fostering a proactive approach while emphasizing safeguards for student safety, data privacy, and ethical practices. Such procedures will support innovative strategies while addressing potential risks and maintaining the confidence of district stakeholders. Additionally, procedures will address the responsible use of these emerging technologies, including appropriate and inappropriate uses of AI (e.g., for inspiration vs. cheating, plagiarism).

AUDIT OF USE

Users with network access shall not utilize District resources to establish electronic mail accounts through third-party providers or any other nonstandard electronic mail system.

The Superintendent/designee shall establish a process to determine whether the District's education technology is being used for purposes prohibited by law or for accessing social media (unless authorized by a teacher for instructional purposes) and sexually explicit materials. The process shall include, but not be limited to:

1. Utilizing technology that meets the requirements of Kentucky Administrative Regulations and that blocks or filters internet access for both minors and adults to certain visual depictions that are obscene, child pornography, or, with respect to computers with Internet access by minors, harmful to minors. Admissions and Attendance

RESIDENCE DEFINED

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school district, or as otherwise provided by state or federal law, shall be considered residents and entitled to the privileges of the District's schools.

All other pupils shall be classified as nonresidents for school purposes.¹

HOMELESS CHILDREN AND UNACCOMPANIED YOUTH

The District shall provide educational and related services to homeless children and youth, including preschool-aged homeless children, and homeless children or youth not in the physical custody of a parent or guardian (unaccompanied youth) in a manner that does not segregate or stigmatize students on the basis of their homeless status.

The District shall provide its schools with guidelines that detail the rights of homeless students and the responsibilities that schools have to meet their needs and eliminate barriers to school attendance. These guidelines shall emphasize the right of homeless students to:

1. Be immediately enrolled in the District;
2. Have equal access to all educational programs and services, including transportation, that non-homeless children enjoy;
3. Have access to preschool programs as provided to other children in the District;
4. Continue attending their school of origin, when deemed in the best interest of the child, for the duration of homelessness;
5. Attend regular public school with non-homeless students; and
6. Continue to receive all services for which they are eligible (i.e., special education, gifted and talented, English learner).

The District shall provide transportation to the school of origin for homeless children at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison) if the child continues to live within the area served by the District in which the school of origin is located. If the child locates to a District other than that of his/her school of origin, the districts shall work together to apportion transportation to and from the school of origin and associated costs. If the districts are unable to reach agreement, responsibility and costs for transportation shall be shared equally.

The District shall designate an appropriate staff person to serve as liaison to homeless children and unaccompanied youth. In addition to coordination of McKinney-Vento implementation in the District, the liaison is responsible for:

- “Outreach” to other entities and agencies so that homeless students are identified;
- Providing public notice of the educational rights of homeless children in locations frequented by parents/guardians and unaccompanied youths. This notice is to be in a manner and form that is understandable;²
- Seeing that school personnel who provide McKinney-Vento Services receive professional development and other support; and
- Ensuring that unaccompanied youths are enrolled in school and receive support to accrue credits and access to higher education.

Admissions and Attendance**HOMELESS CHILDREN AND UNACCOMPANIED YOUTH (CONTINUED)**

The District shall inform school personnel, service providers, advocates working with homeless families, parents, guardians and homeless children and unaccompanied youths of the duties of the liaison.

All concerns regarding the education of homeless children and unaccompanied youth shall be referred to the District liaison. If a complaint arises regarding services or placement of homeless children and unaccompanied youth, the dispute resolution procedures as set forth in 704 KAR 7:090 shall apply.

Disputes over eligibility, school selection, or enrollment are to be appealed to the Kentucky Department of Education using the Dispute Resolution for Homeless form located at the link below:

<https://education.ky.gov/federal/progs/txc/Documents/Homeless%20Dispute%20Resolution%20Form.pdf>

The liaison shall provide a copy of the referenced form to the complainant.

The District shall provide services for homeless children and unaccompanied youths with disabilities as required by law.

CHILDREN IN FOSTER CARE

Students in foster care shall have equal access to all educational programs and services, including transportation, which all other students enjoy.

Foster children are to be immediately enrolled in a new school. The District shall collaborate with the Cabinet to ensure immediate and appropriate enrollment of the child and immediately contact the student's previous school for relevant records. The previous school shall provide the new school records within the student information system maintained by the Kentucky Department of Education by the end of the working day on the day of receipt of a request. If a record provided to the new school is incomplete, the previous school shall provide the completed record within three (3) working days of the original request. Remaining records shall be provided within ten (10) working days of the request.

The Superintendent shall appoint a Foster Care Liaison to coordinate activities relating to the District's provision of services to children placed in foster care, including transportation services, when the District is notified by the Cabinet for Health and Family Services in writing that the Cabinet has designated its foster care point of contact for the District. The Superintendent may appoint the District Foster Care Liaison prior to such notice from the Cabinet.

Children in foster care, including preschool aged children if the District offers a preschool program, shall be eligible to attend their "school of origin" unless a determination is made that it is not in the child's best interest. Such determination will be made in collaboration with the child welfare agency. Dispute resolutions shall be handled by all agencies involved in the determination of the foster child's placement.

When possible, a child exiting the foster care program during the school year shall be allowed to complete the school year in the school of origin.

Admissions and Attendance**BEST INTEREST OF THE CHILD**

Determining the best interest of the child takes into consideration the following factors, including but not limited to:

- The benefits to the child of maintaining educational stability;
- The appropriateness of the current educational setting;
- The child's attachment and meaningful relationships with staff and peers at the current educational setting;
- The influence of the school's climate on the child;
- The safety of the child; and
- The proximity of the placement to the school of origin, and how the length of a commute would impact the child.

Upon the determination that changing a child's school of enrollment is in the best interest of the child, the Cabinet, any applicable child-caring facility, child-placing agency, school, districts, and the child's state agency caseworker shall collaborate to ensure the immediate and appropriate enrollment of the child;

1. The child's state agency caseworker shall immediately contact the receiving district to inform the district of the pending enrollment changes.
2. The child's state agency caseworker or child-caring facility or child placing agency case manager shall either accompany the child and the foster parent to the new school to enroll the child or contact applicable staff at the new school via telephone during the day of enrollment, to assist with the enrollment, to share information relating to the child's unique needs and prior experiences that may impact their education, and to identify and prevent disruptions in any instructional or support services that the child may have been receiving prior to that time, including but not limited to medical and behavioral health history and individual service plans.

IMMIGRANTS

No student shall be denied enrollment based on his/her immigration status, and documentation of immigration status shall not be required as a condition of enrollment.

The District may provide an approved high school program to a student who is a refugee or legal alien until the student graduates or until the end of the school year in which the student reaches the age of twenty-one (21), whichever comes first.

NONRESIDENTS

Nonresident pupils may be enrolled in the District's schools in accordance with Board policies 09.1222, 09.124, and upon approval of the Superintendent. Once a nonresident student is enrolled for the academic year, the student may not be dismissed during that academic year without applicable due process.³

Admissions and Attendance**NONRESIDENTS (CONTINUED)**

Pending receipt of the student's records from the previous school, the Board reserves the right to withhold placement of a nonresident student.

Nonresident students designated as homeless or foster children may be required to be enrolled consistent with the “best interest of the child” or “school of origin” requirements under the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA.

NONRESIDENT FOREIGN AND EXCHANGE STUDENTS

The District shall regulate the admission and participation of nonresident foreign and exchange students in any District education program in accordance with applicable administrative procedures.

All nonresident foreign and exchange students shall register with and be approved by the Superintendent or designee.

NON-IMMIGRANT FOREIGN STUDENTS

Non-immigrant foreign students qualifying for F-1 immigration status or who obtain an F-1 student visa may be admitted to the District based on the following guidelines:

1. These students shall not be permitted to attend any publicly funded adult education program.

Child Abuse

REPORT REQUIRED

Any teacher, school administrator, or other school personnel who knows or has reasonable cause to believe that a child under age eighteen (18) is dependent, abused or neglected¹, or a victim of human trafficking, or is a victim of female genital mutilation, shall immediately make an oral or written report, including but not limited to electronic submission, to a local law enforcement agency or the Kentucky State Police, the Cabinet for Health and Family Services or its designated representative, the Commonwealth's or County Attorney in accordance with KRS 620.030.²

Upon notification, the Principal or the Superintendent/designee shall facilitate the cooperation of the school with the investigation of the report. Any person who knowingly causes intimidation, retaliation, or obstruction in the investigation of the report shall be guilty of a Class A misdemeanor.

Only agencies designated by law are authorized to conduct an investigation of a report of alleged child abuse. Therefore, the District shall not first investigate a claim before an employee makes a report to the proper authorities. However, in certain situations, reports involving claims made under state and federal laws, such as Title IX, shall require the District, after making the required report, to conduct an independent investigation of the allegations in order to determine appropriate personnel action.

When an allegation of abusive conduct, as defined in KRS 160.380, is made against a District employee to another District employee, the District employee in receipt of the allegation, whether communicated in writing, electronically, or orally, shall report the allegation to the Principal and in accordance with KRS 620.030. The Principal shall document the allegation in writing and notify the Superintendent/designee. An investigation of the allegation shall be conducted by the District until it is completed and shall not end prior to completion due to the employee transferring positions within the District or leaving the District, unless directed by the Cabinet for Health and Family Services or law enforcement officials to cease the investigation.

WRITTEN REPORT

The person reporting shall, if requested, in addition to the report required above, file with the local law enforcement agency or the Kentucky State Police or the Commonwealth's or County Attorney or the Cabinet for Health and Family Services or its designated representative within forty-eight (48) hours of the original report a written report containing specific information regarding the child, the child's parents or guardians, and the person allegedly responsible for the abuse or neglect.

WRITTEN RECORDS

Copies of reports kept by the District that are submitted to authorities in compliance with the child abuse law are educational records and subject to inspection by the parents of the alleged victim of child abuse. Whether the records are considered "internal records", and not maintained with the students' "permanent records", is immaterial if such records are directly related to students and are maintained by the school or District.

Child Abuse**INTERVIEWS**

If the student is an alleged victim of abuse or neglect, school officials shall follow directions provided by the investigating officer or Cabinet Health and Family Services representative as to whether to contact a parent³ and shall provide the Cabinet access to a child subject to an investigation or assessment without parental consent.⁴

AGENCY CUSTODY

If, as a result of dependency, neglect, or abuse, a child has been placed in the custody of the Cabinet, the Principal, or any Assistant Principal of the school in which the child is enrolled, and the District's Director of Pupil Personnel shall be notified of the names of persons authorized to contact the child at school, in accordance with school visitation or communication policy, or remove the child from school grounds.

The notification shall be provided to the school by the Cabinet:

- a) By written notice via email or fax on the day that a court order is entered and again on any day that a change is made with regard to persons authorized to contact or remove the child from school. Verbal notification shall occur on the next school day immediately following the day a court order is entered or a change is made if the court order or change occurs after the end of the current school day; and
- b) By email, fax, or hand delivery of a copy of the court order within ten (10) calendar days following a change of custody or change in contact or removal authority.

OTHER

Each school shall prominently display the statewide child abuse hotline number administered by the Cabinet for Health and Family Services, the National Human Trafficking Reporting Hotline number administered by the United States Department for Health and Human Services, and the Safe Haven Baby Boxes Crisis Line number administered by the Safe Haven Baby Boxes national organization or any equivalent successor entity.

STUDENTS WITH DISABILITIES

Students with disabilities shall have an equal opportunity to participate in nonacademic and extracurricular services and activities, including, but not limited to, extracurricular athletics, intramural athletics, and clubs.

NOTE: The District may require a level of skill or ability of a student in order for that student to participate in a selective or competitive program or activity, so long as the selection or competition criteria are not discriminatory.

Assault and Threats of Violence

For purposes of this Policy, a “threat” shall refer to a communication made by any means, including, but not limited to, electronic and/or online methods.

STUDENTS

Any student who threatens, physically assaults, batters or abuses school personnel or another student on school property, at a bus stop, or at a school function shall be subject to appropriate disciplinary action, **including Level IV or Level V disciplinary action (i.e. suspension, referral for Administrative Hearing or Placement Committee process, or expulsion).**¹

Students may also be subject to prosecution or juvenile justice interventions for assault, threats, or other abusive conduct.

The Principal shall provide written notice to all students, parents, and guardians of students within ten (10) days of the first instructional day of each school year of the provision of KRS 508.078 and potential penalties under KRS 532.060 and KRS 534.030.²

EDUCATIONAL PERSONNEL

Any student who threatens, physically assaults, batters or physically or verbally abuses educational personnel on or off school property (and the incident is likely to substantially disrupt the educational process) shall be subject to appropriate disciplinary action¹ up to and including expulsion from school and/or legal action.

REMOVAL OF STUDENTS

School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the District's transportation system pending any further disciplinary action that may occur. Threatening or violent behavior shall include, but not be limited to:

1. Disrupts the classroom environment and education process or the student challenges the authority of a supervising adult.
2. Verbal or written statements or gestures by students indicating intent to harm themselves, others or property.
3. Physical attack by students so as to intentionally inflict harm to themselves, others or property.

The Principal may establish (school) procedures for a student's removal from and reentry to the classroom when the student's behavior disrupts the classroom environment and education process or the student challenges the authority of a supervising adult. In addition to removal, the student shall be subject to further discipline for the behavior consistent with the school's code of conduct.

Removal of students from a bus shall be made in compliance with 702 KAR 5:080.

Each school shall designate the site(s) to which employees may remove students from a classroom setting and the employee(s) who will supervise the student at the site.

When teachers or other personnel remove a student, they shall complete and submit a form to document the removal and the causes as soon as practicable. The Principal/designee shall review the removal as soon as possible to determine if further disciplinary action is warranted or if the student is to be returned to the classroom.

Assault and Threats of Violence**REMOVAL OF STUDENTS (CONTINUED)**

Per KRS 158.150, a student who is removed from the same classroom three (3) times within a thirty (30) day period shall be considered “chronically disruptive” and may be suspended from school and no other basis for suspension shall be deemed necessary.

At any time during the school year, for a student who has been removed from the classroom the Principal may require a review of the classroom issues with the teacher and the parent, guardian, or other person having legal custody or control of the student and determine a course of action for the teacher and student regarding the student's continued placement in the classroom.

At any time during the school year, the Principal may permanently remove a student from a classroom for the remainder of the school year if the Principal determines the student's continued placement in the classroom will chronically disrupt the education process for other students.

When a student is removed from a classroom temporarily or permanently, the Principal shall determine the placement of the student in lieu of that classroom, which may include but is not limited to:

- Another classroom in that school; or
- An alternative program or setting, which may be provided virtually, as approved by the Superintendent.

Any permanent action by the Principal shall be subject to an appeal process.

Per KRS 158.155, any school employee who knows or has reasonable cause to believe that a person has made threats or plans of violence which are intended to target a school or students or who knows that a firearm is present on school property in violation of KRS 527.070, shall immediately cause a report to be made to the District's law enforcement agency and either to the local law enforcement agency or to the Kentucky State Police.

Assault and Threats of Violence**REPORT TO LAW ENFORCEMENT AGENCY (CONTINUED)**

- h. Intentional or wanton damage to property causing a pecuniary loss of five hundred dollars (\$500) or more.

Any school employee who receives information from a student or other person of conduct which is required to be reported shall report the conduct to the District's law enforcement agency and to either the local law enforcement agency or to the Kentucky State Police, unless the school employee has cause to believe a student's disability interfered with his or her ability to conform to the Student Code of Conduct.

A District that has created their own law enforcement agency shall designate a local law enforcement agency not created by the District to receive reporting information from the District's law enforcement agency. The District's law enforcement agency shall file a weekly report for the preceding week identifying all reports received under KRS 158.155.

DOMESTIC/DATING VIOLENCE REPORTING AND EDUCATION

Upon the request of a victim, school personnel shall report an act of domestic violence and abuse or dating violence and abuse to a law enforcement officer. School personnel shall discuss the report with the victim prior to contacting a law enforcement officer.

School personnel shall report to a law enforcement officer when s/he has a belief that the death of a victim with whom s/he has had a professional interaction is related to domestic violence and abuse or dating violence and abuse.

This separate reporting requirement covers abuse, neglect or dependency of a child committed or caused by a parent, guardian, other person exercising control or supervision, or a person in a position of authority or special trust.

The Board shall develop a plan for implementing a trauma-informed approach in the District. The plan shall be based on the Trauma-Informed Toolkit from the Kentucky Department of Education (KDE) and include but not be limited to:

- a) strategies for enhancing trauma awareness throughout the school community;
- b) conducting an assessment of the school climate including but not limited to inclusiveness and respect for diversity;
- c) developing trauma-informed discipline policies;
- d) collaborating with the Department of Kentucky State Police, the local sheriff, and the local chief of police to create procedures for notification of trauma-exposed students; and

Administrators may act to protect staff and students when the student's conduct, as reflected by the information, indicates a substantial likelihood of an immediate and continuing threat of harm to students or staff. In cases where such actions are necessary, the following provisions shall apply:

1. Restrictions imposed on the student shall represent the least restrictive alternative available and appropriate to remedy the threat.
2. Supporting material shall be documented in and kept with the student's juvenile court record.

Student Disciplinary Processes**TREATMENT OF PUPILS (CONTINUED)**

3. The student and/or parent/guardian may appeal actions taken to the Superintendent or to the Circuit Court with appropriate jurisdiction.¹

SERIOUS PROBLEMS

Serious disciplinary problems shall be promptly reported to the Principal and to the parent(s) of the student.

COUNCIL RESPONSIBILITY

Each school council shall select and implement discipline and classroom management techniques for the school. The council's discipline policies shall provide for involvement of parents in disciplinary situations involving their children.

In non-SBDM schools, the Principal shall make these decisions in compliance with Board policy.

REPORTING

Each school shall annually provide to the KDE, using the student information system, an assessment of school incidents relating to disruptive behaviors resulting in a criminal or juvenile status offense or public complaint, including whether:

1. The incident involved a public offense or noncriminal misconduct;
2. The incident was reported to law enforcement or the court-designated worker and the charge or type of noncriminal misconduct that was the basis of the referral or report; and
3. The report was initiated by a school resource officer.

CHILDREN AND YOUTH WITH DISABILITIES

Discipline for children and youth with disabilities shall observe, and be in conformity with, federal, state, **and local** procedures.

BOARD MAY EXPEL

The Board may expel or extend the expulsion of any student from the regular school setting for misconduct as defined by law. Provision of educational services will be required unless the Board determines, on the record and supported by clear and convincing evidence, that the expelled student posed a threat to the safety of other students or school staff and could not be placed in an appropriate alternative program or setting.¹

The Board shall require the expulsion from school for a period of at least twelve (12) months for a student who is determined by the Board:

1. Through clear and convincing evidence to have made threats that pose a danger to the well-being of students, faculty, or staff of the District;
2. To have brought a weapon on school property under its jurisdiction or a bus stop per Board Policy 05.48; or
3. Is in grade six (6) to twelve (12) and is determined by the Board to have recklessly, with a deadly weapon or dangerous instrument, or intentionally caused or attempted to cause physical injury to a District employee on school property or at a school function under the Board's jurisdiction. In considering the actions of a student a Board shall use the definitions of "dangerous instrument," "deadly weapon," and "physical injury" in KRS 500.080 and "intentionally" and "recklessly" in KRS 501.020.

School personnel does not include a student who is employed by the school or enrolled in any school-based apprenticeship program.

The Board may expel a student for longer than twelve (12) months.

Behavior that may be determined to pose a threat shall include, but not be limited to, the physical assault, battery, or abuse of school personnel or other students on or off school property, including bus stops and school functions (and the incident is likely to substantially disrupt the educational process); the threat of physical force; being under the influence of drugs or alcohol; the use, possession, sale, or transfer of drug or alcohol; the carrying, possessing, or transfer of weapons or dangerous instruments; and any other behavior that may endanger the safety of others.

The Superintendent shall present to the Board for its approval options for providing or ensuring that educational services are provided to expelled students. Educational services provided shall not include transportation from the student's residence to, or returning from, an appropriate alternative program setting.

An expelled student shall not participate in any school-sponsored extracurricular or interscholastic activity while the student is expelled.

In lieu of expelling a student, or upon the expiration of a student's expulsion, the Superintendent may place a student into an alternative program or setting if the Superintendent determines placement of the student in his or her regular school setting is likely to substantially disrupt the educational process or constitutes a threat to the safety of other students or school staff.

Expulsion

HEARING AND RECORDS REQUIRED

shall not be taken until the parent, guardian, or other person having legal custody or control of the student has had an opportunity for a hearing before the Board.¹ The special education and disciplinary records of IDEA eligible students shall be **provided** to the Board for review before the decision is made to expel.³ If applicable, a bus driver shall have the opportunity to be heard at any disciplinary hearing against a student relating, at least in part, to misconduct that occurred during the operator's transportation of the student or to misconduct by the student's parent or guardian.

Within thirty (30) days prior to the end of a student's expulsion, the Board shall review the details of the expulsion and current factors and circumstances, including if ending the expulsion will substantially disrupt the education process or constitute a threat to the safety of students or school staff, to determine if the expulsion shall be extended for a period not to exceed twelve (12) months. The expulsion review process shall be used prior to the end of each expulsion period until the Board ends the expulsion or the student is no longer subject to compulsory attendance under KRS 159.010.

BOARD DECISION FINAL

The Board may establish an appeals committee and delegate authority to hear appeals to the committee. Otherwise, the Board's decision shall be final.¹

Within five (5) days of a student being expelled the District shall enter the expulsion in the student's record within the student information system.

RETURN TO SCHOOL

An expelled student shall be allowed to return to school in accordance with KRS 158.150.

STUDENTS WITH DISABILITIES

In cases which involve students with disabilities, procedures mandated by federal and state law for students with disabilities shall be followed. (Students with disabilities who are eligible for services under federal law may be expelled for behavior unrelated to their disabilities, as long as legally required procedural safeguards are followed. Educational services must continue for IDEA eligible students who are expelled.)^{1&3}

TRANSFER OF RECORDS

Records transferred to another school must reflect the charges and final action of an expulsion hearing if the student was expelled for homicide, assault, or an offense in violation of state law or school regulations governing weapons, alcohol or drugs. Records of a student facing an expulsion hearing on charges described above shall not be transferred until the expulsion hearing process is completed.²

Alternative Education

DEFINITION

Alternative Education Program means a program that exists to meet the needs of students that cannot be addressed in a traditional classroom setting but through the assignment of students to alternative classrooms, centers, or campuses that are designed to remediate academic performance, improve behavior, or provide an enhanced learning experience. Alternative education programs do not include career or technical centers or departments.¹

PURPOSE

The purpose of the Board's Alternative Education Program is to provide:

- Learning activities that support innovative pathways and are aligned to college and career outcomes for all students.
- A curriculum that is aligned with the Kentucky Academic Standards and the learning goals in each student's Individual Learning Plan (ILP).
- Successful student transition to the regular school assignment, when possible, or to post-secondary status.
- A meaningful alternative to suspension and/or expulsion of a student.

ALTERNATIVE EDUCATION IN LIEU OF EXPULSION

In lieu of expelling a student, or upon the expiration of a student's expulsion, the Superintendent may place a student into an alternative program or setting if the Superintendent determines placement of the student in his or her regular school setting is likely to substantially disrupt the educational process or constitutes a threat to the safety of other students or school staff.

The alternative program or setting may be provided virtually. Students placed in an alternative program or setting shall be subject to compulsory attendance requirements under KRS Chapter 159 and applicable Board policy.

Action to expel, extend the expulsion, or place in an alternative program or setting a student shall not be taken until the parent, guardian, or other person having legal custody or control of the student has had an opportunity for a hearing before the Board. Following the initial alternative placement of a student, the Board shall review the alternative program or setting placement at least once per year and determine if the placement should be continued.⁴

NOTE: Students do not have a right to assignment to alternative programs or services except as specifically provided by law.

As required by Kentucky Administrative Regulation the District shall ensure:

- That each Alternative Education Program is not limited in scope or design and is aligned to the academic program of the District.
- A student enrolled in an Alternative Education Program may be eligible to participate in one (1) or more types of programs to address student learning needs that may include an alternative digital learning environment, credit recovery, or an innovative path to graduation.
- The Board shall review this policy and accompanying procedure(s) annually.²
