MEMORANDUM

TO: Dr. Jesse Bacon, Superintendent
FROM: Thomas Stokes, Director of Facilities *TAS*
DATE: July 8, 2026
RE: BEHS - BG 23-050 - KEDC - Additional Clocks

Bullitt East High School is needing additional clocks for the Fine Arts Center. The clocks will be ordered through KEDC using construction funds.

Clocks were omitted as part of this original Change Order to change from the Rauland Systems (that did include clocks) to the Audio Enhancement System (that did not include clocks). Change Order 22 is attached along with EH's credit information.

I recommend approval of this request.

Attached paperwork is listed below with *action items* noted for each:

- Quote from KEDC for Additional Clocks
- Diagram showing clock placements
- Change Order 22 - Audio Enhancement - for reference
- EH Construction Credit - for reference

MEMO

TO: Dr. Jesse Bacon, Superintendent

FROM: Thomas Stokes, Director of Facilities *TAS*

DATE: November 13, 2025

RE: BEHS - BG 23-050 - Change Order 22 - Audio Enhancement

This change order is a credit for Work that would have been performed/provided by the General Contractor (EH) and Electrical Contractor (KES) under the general construction contract. This Change Order is supplemented by the addition of Audio Enhancement's cooperative purchase agreement scope of work as detailed by their SAP Quote #97452, dated July 9, 2025.

This work will standardize this facility on the life safety upgrades established by BG 23-165.

Audio Enhancement's cost is \$371,532.25. The A/E fee for this Change Order is based on the Audio Enhancement proposed value at 5% of construction cost to compensate for redesign of the life safety systems and coordination of the COOP agreement.

- General Construction Change Order Cost:
(\$99,630.29) Credit
 - Audio Enhancement COOP Proposal - Quote #97452, dated July 9, 2025
\$371,532.25
- Total Cost of Improvements (Change Order + COOP)
\$271,901.96

I recommend approval of this request.

OUR MISSION IS TO INSPIRE AND EQUIP OUR STUDENTS TO SUCCEED IN LIFE

BULLITT COUNTY PUBLIC SCHOOLS IS AN EQUAL EDUCATION AND EMPLOYMENT INSTITUTION

SOLUTIONS PROPOSAL

Dear Bullitt County,

I want to personally thank you for inviting us to submit a proposal to Bullitt County!

When my mother, Claudia Anderson, founded Audio Enhancement over 40 years ago, we never imagined the impact our services would have on education today. Through customer feedback, we have grown from offering classroom audio solutions to providing district-wide communication and safety technology. We have impacted over 4,500 districts, 43,000 schools, and over 1,300,000 classrooms across the world. We are excited for the opportunity to help you!

Our team focuses on hiring employees with a passion to make a difference in education. We look forward to developing a deeper partnership with Bullitt County through building friendship and trust during the ongoing stages of your project.

It is our pleasure to submit this proposal to Bullitt County. As with all proposals, revisions can be made at any time.

We look forward to your response and are available to answer any questions during the review process.

From all of us here at Audio Enhancement, thank you!

Sincerely yours,

A large, stylized handwritten signature in black ink, which appears to read "J. Anderson".

Jeff Anderson
Audio Enhancement, CEO

Notice of Confidentiality: The contents of this proposal are intended solely for the use of the addressee and their organization and contains confidential and/or privileged information and may not be disclosed to any other party without written authorization from Audio Enhancement Inc.

COMPANY HISTORY

Making a Difference In Education

For more than forty years, Audio Enhancement® has served the schools throughout the United States, providing both classroom audio enhancement systems as well as integration services for classroom technology. Audio Enhancement is headquartered in Utah, and has facilities in Georgia and Florida.

Audio Enhancement was founded in 1978 by Claudia Anderson around the simple idea that "learning begins with hearing." Having two hearing impaired children, the first Audio Enhancement systems were designed specifically for the hearing impaired. Early in our history, technological advancements made it possible to also provide whole classroom sound systems, benefiting all students. Audio Enhancement has been the innovator and leader in this field.

By 2004, it was clear that classroom audio enhancement systems were a key part of the overall technology landscape in the classroom. Based on our high level of support, outstanding customer service, and training that was provided for the audio systems, several school districts came to us and requested that we expand our product offerings. Based on these requests, we undertook an initiative to increase our capabilities in order to provide a complete integrated technology package for the classroom. These offerings include display devices, control, video/audio playback devices and interactive technologies. By utilizing the principles developed over thirty years of providing classroom audio systems to the schools, we were able to provide both technical integration, teacher in-servicing, training, and professional development to help the schools ensure the success of their technology goals.

Moving the company forward, in 2008, Audio Enhancement was incorporated: Jeff Anderson, President and CEO, Jennifer Crum, CFO, Jeremy Anderson, CAO, and Justin Anderson, COO. Today, the Audio Enhancement product line improves student achievement, decreases teacher vocal fatigue and absenteeism, and creates positive student behavior. Audio Enhancement systems also increase focus and attention and supports classroom management.

The Anderson Family

CLASSROOM AUDIO

A classroom Audio Enhancement® system provides teachers with benefits seen in documented sound field system research with the consistency and clarity of the newest classroom technology - XD Audio. Teachers wear an XD Microphone with confidence of zero signal drop-outs. This delivers their voices to each student as clearly as if the teacher were sitting right next to them. With Classroom Audio, you can expect more time on task, fewer behavior issues, less teacher verbal repetition, and better content understanding. These provide an increase in actual instructional time, one thing every teacher can use more of. Clear and equitably distributed audio in the classroom contributes to the overall quality of instruction, targeting gaps in learning.

EPIC SYSTEM

EPIC System (Education Paging & Intercom Communications)® is a foundational solution built specifically for education. The EPIC System provides an inside look into campuses, leveraging an interactive platform accessible via a web browser and mobile app. Using the EPIC System to communicate through intercoms, pages, as well as creating customizable notifications/bells, faculty can make changes on the fly, minimizing campus interruptions. Faculty can also leverage the power of InfoView to utilize notification capabilities, including clocks, digital signage, and emergency signage. Built into the EPIC System interactive platform, InfoView is customizable, allowing campuses to push out visual messages at any moment. With the EPIC System, campuses are empowered to adapt to the ever-changing educational environment.

SAFE SYSTEM

SAFE System (Signal Alert For Education)[®] is a crucial tool for School Districts looking to prioritize student safety and well-being. The SAFE System provides a timely response to any crisis through an innovative and intuitive interactive map. This map allows faculty to gain an inside look at when and where a SAFE Alert has occurred. The SAFE System empowers faculty and staff to focus on students while providing the assurance that when an alert is signaled, assistance is on the way. Campuses that are equipped with Personal Duress Transmitters can send a signal indicating their location to networked devices. With the SAFE System, customizable emails, texts, and notifications get sent to predetermined personnel.

STATEMENT OF FEATURES

Selected Systems and Products

Optimum System with Programming

QTY - 38

COMPATIBILITY

The MS-700 Optimum Amplifier is a fully integrated networked classroom amplifier and wireless microphone receiver. This amplifier has network-based Intercom, paging and emergency notification, and provides full-duplex audio. It is easy-to-use, easy-to-install, and has simple user interface software. The entire unit utilizes Power over Ethernet (PoE+). Intercom and paging functionalities are built-in. During emergencies, paging can still be heard, even when the power goes out.

INCLUDED COMPONENTS

Installation of Audio System

Mic Holder for XD Student Handheld Microphone

Wiring Bundle for Optimum Amplifier

Installation of Wallplate

Wall Plate, WPA-702, Call Button, Emergency Button, Ambient Mic with Decora Plate

MS-700 Network Amp with Integrated XD Receiver with Programming

Full System Product Details

Installation of Audio System, Mic Holder for XD Student Handheld Microphone, Wiring Bundle for Optimum Amplifier, Installation of Wallplate, Wall Plate, WPA-702, Call Button, Emergency Button, Ambient Mic with Decora Plate, MS-700 Network Amp with Integrated XD Receiver with Programming,

2 Way SAFE System Extender
MS-375 with Programming

QTY - 16

COMPATIBILITY

The MS-375 is a network interface used to expand the range of the XD microphones non-paired SAFE Alert process. The entire unit is Powered over Ethernet (PoE). The unit can be placed in areas of the campus that are not densely covered by other classroom systems. The non-paired alert process allows any Audio Enhancement XD Teacher Microphone to activate a SAFE Alert from anywhere on the campus, even if they are out of range of their paired XD Receiver.

INCLUDED COMPONENTS

Installation of 2-Way Intercom System

MS-375 Network Interface for SAFE Alert Extender with Programming (Requires PoE+)

Wiring Bundle for Optimum Amplifier

Installation of Wallplate

Wall Plate, WPA-702, Call Button, Emergency Button, Ambient Mic with Decora Plate

EPIC 70V Zone with Programming
BOM ONLY

QTY - 16

COMPATIBILITY

Availability early 2025

The CZA-1300 Amplifier is a fully integrated 70 Volt amplifier designed to integrate seamlessly with the EPIC platform and provide audio in large areas like Cafeterias, Gymnasiums and Hallways. This is a network connected amplifier which facilitates paging and emergency notifications as part of the EPIC platform. It is easy-to-use, easy-to-install, and has a simple user interface.

INCLUDED COMPONENTS

Installation of Common Zone Amplifier

EPIC Common Zone Amplifier with Network Interface 1X 300W 70V, 1U with Programming

Full System Product Details

Installation of Common Zone Amplifier, EPIC Common Zone Amplifier with Network Interface 1X 300W 70V, 1U with Programming,

STATEMENT OF FEATURES

Selected Systems and Products

CS-12 Ceiling Speaker, Circle Cut In,
Plenum Rated, Set of 4

QTY - 39

The Ceiling Speaker (CS-12) has a tuned ported enclosure that provides superior bass response while maintaining efficiency. Speaker grill comes preinstalled from factory. Metal speaker back meets UL 2043 criteria for plenum installation. Tile bridges included.

WS-09 Wall Speaker, Set of 4

QTY - 03

The Wall Speaker (WS-09) provides quality sound with basic form and function. Made to fit ideally on classroom walls or can be attached to interactive whiteboards. Simple to use with swivel action.

70V Ceiling Speaker, Circle Cut In

QTY - 131

The EPIC 70V Ceiling Speaker is a fully assembled speaker assembly, with back can and speaker grill. The speaker has a tuned ported enclosure that provides superior bass response while maintaining a very high sensitivity. The transformer tap selector is easily accessible on the side of the speaker. Metal speaker back meets UL 2043 criteria for plenum installation.

Volume Control 25/70V

QTY - 25

Volume Control 25 Watt 70V/100V/25V Rotary white wall plate

Barix Barionet 50 I/O Module with
Programming Bundle

QTY - 01

The Barix Barionet 50 is a powerful IP-enabled, programmable controller with numerous I/O and communications interfaces on board, resulting in a device that can monitor, control, and communicate with virtually anything. Includes programming.

**70V Indoor/Outdoor Horn Speaker
and Enclosure**

QTY - 51

The SYSTEM 6VPS is a complete, vandal resistant horn assembly featuring a double re-entrant, compression horn with an integrated 16W, 25/70V, multi-tap transformer that is mounted on a vandal resistant, stainless steel baffle. It also includes a square, heavy gauge stainless steel, surface mount enclosure.

**Viking E-30-IP VoIP Entry Phone with
Programming**

QTY - 04

The E-10-IP VoIP Entry Phone is designed to provide quick and reliable handsfree communication for SIP VoIP phone systems with PoE. The E-10-IP entry phone can be programmed from any touch tone phone, a PC on the same LAN, or remotely using a static IP address. The E-10-IP can dial up to 5 programmable numbers.

**Pendant Shroud Bundle , Set of 4
(Requires SP-0300)**

QTY - 09

Pendant shroud bundle for circle cut in 70V speakers. Bundle includes speaker wire and wire rope steel cable fasteners. Sold in a set of 4. Requires SP-0300, Circle Cut in 70V Loudspeaker

**70V Slanted, Square, Wall Mount
Speaker**

QTY - 17

8" O.D., dual cone loudspeaker and a 5W, 25/70V transformer mounted on a square, screw mount, steel baffle with a slanted, steel, open back, surface mount enclosure with a white, powder coat finish.

**6.5" 70V Outdoor/Indoor Speaker 2-
way**

QTY - 02

OUT6.5W70 6.5" 70V Outdoor Speaker, designed to deliver exceptional audio performance in outdoor environments. Built with durability and weather resistance in mind, this speaker is perfect for bringing high-quality sound to your outdoor spaces, such as patios, atriums, and outdoor learning areas.

Includes one (1) speaker

STATEMENT OF FEATURES

Project Information

Project Summary *

KY, Bullitt County , Bullitt East High School - New Construction

Request design team to design your school? *

No

Would you like Design to Review your project after it has been designed?

No

Will this project be using a Contract? *

No

Will Audio Enhancement be Installing? *

Yes

Does this project utilize Davis Bacon rates or Prevailing Wage?

Yes

Site Status at Any Point During Implementation *

New construction

Are there any drawings or specifications we are required to meet for this project? *

Yes

Are we reusing existing intercom speakers?

No

Will Audio Enhancement be Commissioning?

Yes

FACPAC Contract Change Order

Supplemental Information Form (Ref# 63688)

Form Status: Saved

Tier 1 Project: Bullitt East High School Renovation and Addition

BG Number: 23-050

District: Bullitt County (HB678) (071)

Status: Active

Phase: Project Initiation (View Checklist)

Contract: EH Construction, LLC, 0001, General Construction

Type: General Contractor

Proposed

Change Order Number	22
Time Extension Required	No
Date Of Change Order	11/24/2025
Change Order Amount To Date	Decrease

Construction Contingency

Calculations below are project wide. Remaining negative Construction Contingency may require the submission of a revised BG1.

Current Approved Amount	\$4,178,133.72
Net Approved COs	\$2,651,285.22
Remaining After Approved COs	\$1,526,848.50
Net All COs	\$2,551,654.93
Remaining After All COs	\$1,626,478.79

This Requested Change Order Amount (\$99,630.29)

+/-

Change In A/E Fee This Change Order \$23,220.77

+/-

Change In CM Fee This Change Order \$0.00

+/-

Remaining Construction Contingency \$1,626,478.79

Balance

Contract Change Requested By BCPS Technology/Leadership

Contract Change Reason Code Life Safety Standardization

Change Order Description And Justification

This change order is a credit for Work that would have been performed/provided by the General Contractor (EH) and Electrical Contractor (KES) under the general construction contract. This Change Order is supplemented by the addition of Audio Enhancement's cooperative purchase agreement scope of work as detailed by their SAP Quote #97452, dated July 9, 2025.

This work will standardize this facility on the life safety upgrades established by BG 23-165.

Audio Enhancement's cost is \$371,532.25. The A/E fee for this Change Order is based on the Audio Enhancement proposed value at 5% of construction cost to compensate for redesign of the life safety systems and coordination of the COOP agreement.

• General Construction Change Order Cost: (\$99,630.29)

Credit

• Audio Enhancement COOP Proposal - Quote #97452, dated July 9, 2025 \$371,532.25

Total Cost of Improvements (Change Order + COOP) \$271,901.96

Cost Benefit To Owner

Work covered under this change order is a Credit from the GC for work offset by the Audio Enhancement COOP Agreement.

Contract unit prices have been utilized No
to support the cost associated with this
change order.

Detailed Cost Breakdown

Contract unit prices have not been utilized, provide a detailed cost breakdown which separates labor, material, profit and overhead.

Detail Item	Amount	Percent of Total
Labor	\$8,789.70	-8.82%
Materials	(\$107,433.55)	107.83%
Profit and Overhead		0.00%
Bond Insurance	(\$986.44)	0.99%
Cost Breakdown Total:	\$-99,630.29	

Cost for this Change Order supported No
by an alternate bid or competitive price
quote

Explain Why

Work covered under this change order is a Credit from the GC for work offset by the Audio Enhancement COOP Agreement.
