* Due to bus driver shortage, transportation cannot be provided to nonresident students.

* Tuition rates for out-of-state students are higher because the state SEEK program does not fund enrollment of nonresidents.

(1) From prior year Working Budget. District average per pupil cost does not include transportation expenses.

(2) State-Paid Benefits calculated as a percentage of total expenses and each rate is reduced proportionally. FY26 Working Budget State Paid Benefits (\$383,834,902) / FY26 Total General Fund Expenses (\$1,798,213,875) = 21.3%.

(3) From Kentucky Department of Education SEEK Calculation

(4) Base SEEK times (Calculated State Portion)/(Calculated Base Funding)

(5) State SEEK Exceptional Child funding categories

(6) JCPS A3 Schools equals sum of expenses divided by sum of students across four schools: Alfred Binet, Waller Williams Environmental, Churchill Park Rehabilitation, and Mary Ryan Academy

(7) Tuition Cost is the aggregate sum of (a) the District Average Per Pupil Cost Less State Paid Benefit, (b) cost reduction by State SEEK, and (c) average per pupil cost from Working Budget for District-Wide School Costs and Business Offices.
