These courses will be offered when University staff and resources permit and when requested by the Secondary School. The Secondary School agrees to follow the guidelines related to qualifications of staff, eligibility of students, and course syllabi.

Definitions:

For the purposes of this Agreement, the following terms are so defined:

Dual Credit (DC): Defined in KRS 164.002(6) as a college-level course of study offered to a secondary school student who is concurrently enrolled in Secondary School and at KSU with credit awarded by both institutions. A Secondary School student will simultaneously earn both secondary and transcribed college credit toward a postsecondary degree of credentials upon successful completion of course requirements. KSU is responsible for the academic integrity of the courses for which postsecondary credit will be awarded. The definition is consistent with the Kentucky Revised Statute 164.002 and KSU's Administrative Policies and Procedures.

Dual Enrollment (DE): Defined as a college-level course of study offered to a Secondary School student who is concurrently enrolled in Secondary School and at KSU. However, credits for courses taken at the postsecondary level do not have to be awarded for a concurrent course at the secondary level.

Secondary School: Defined as [SCHOOL NAME], which is a public or private secondary school, local education agency, or homeschool.

Concurrent Enrollment Instructor (CEI): Defined as a certified Secondary School teacher who has obtained a MA/MS and completed 18 hours of graduate coursework in their subject area. It is up to the Secondary School to verify that a CEI meets the necessary Education Professional Standards Board (EPSB) certification requirements.
