Kentucky Education Leaders Network Meeting (ELN) - Special Olympics Kentucky

**Takeaways to help
Board and Staff**

I am a current sitting member of the Network, and I attended the in-person summer meeting on July 9. In my role for the Association, I continue to foster the relationship with Special Olympics Kentucky and assist in their efforts to continue to grow Unified Champion Schools across Kentucky. Unified sports is one pillar of a Unified Champion School and KHSAA continues to provide unified participation opportunities at 2 postseason events (bowling and track & field).

General Commentary

After the meeting, the Special Olympics Kentucky (SOKY) staff met with myself to discuss the 25-26 school year and evaluated the current offerings. The most positive feedback was the growth of the number of schools entering unified events with the KHSAA.
