Financial and Accounting
Women's Leadership
Tennis Breakfast
Women's Leadership Social

**Takeaways to help
Board and Staff**

The GoFan meeting recap of the year and success that we had throughout the year. We discussed more was that we can expand and look to assist are schools to make operations easier. Gofan is working on a process to accept cash and still be in compliance with Red Book. The financial meeting gave good insight to how other state associations operate and how they handle issues.
The Women's social and leadership events are always very useful to get insight from other women in leadership on how they are operating in there work areas as well as a great work resource and community to lean on.

General Commentary

These meeting are always very helpful and useful to me to be able to get new ideas and to also bounce ideas off of.
