I – Overview

[KR156.557](#) requires all school district administrators having the responsibility of evaluating certified personnel to be trained, tested, and approved in the proper techniques for effectively evaluating certified school employees.

[704 KAR 3:370](#), the Kentucky Board of Education regulation that establishes evaluation guidelines, requires that the training and testing be provided by the Department of Education.

FLOYD COUNTY EVALUATION PROCEDURES

The purpose of the certified employee evaluation plan is to help teachers, other professionals, principals, assistant principals, and district level administrators strengthen and improve their level of performance and effectiveness. We strive to create a safe, supportive environment that is conducive to optimal student learning. This goal will be achieved through the process of systematic efforts based on the shared responsibility of the evaluator and the evaluatee in a setting of mutual understanding, respect, and trust.

Evaluation is the process of assessing or determining the effectiveness of the performance of the certified employee in a given teaching and learning or leadership and management situation, and based on predetermined criteria. The evaluation procedures and forms are designed to foster professional growth and to support individual personnel decisions. All observations shall be on approved forms and the summative summary shall become part of the evaluatee's official personnel file.

All employees required to hold a valid certificate, issued by the Educational Professional Standards Board, in order to perform their functions are to be evaluated as follows:

- 1) The principal and/or assistant principal of the school shall be the primary evaluator of teachers and other professionals assigned to their school. The principal and central office administrators shall be evaluated by the Superintendent or designee. The Superintendent shall be evaluated by the Floyd County Board of Education. Other professionals who work in multiple locations will be evaluated by the immediate supervisors.
- 2) Annually, evaluators are to familiarize certified personnel whom they will be evaluating with the district's Certified Evaluation Plan within 30 calendar days of reporting for employment each school year. Each individual shall also be provided a copy of the evaluation instrument and other forms that will be used in the process.
- 3) Evaluators must meet CEP requirements prior to conducting a formative or summative evaluation. The district will train primary evaluators in the local evaluation process. There will be six (6) hours of annual EILA approved evaluation training provided by the district. All new evaluators will be required to have initial certification training by the Kentucky Department of Education or approved provider.
- 4) Evaluation Criteria for Central Office Employees are the ISLLC standards, Principals and Assistant Principals will use the Professional Standards for Educational Leaders (PSEL), Teacher and Other Professionals will use the corresponding Kentucky frameworks/guidance documents.+
- 5) Employees new to the school system (non-tenured) shall be:
 - A. Observed and all documentation reviewed at the end of the first half of the school year, and these actions shall be documented as a formative evaluation; and
 - B. Evaluated near the end of the second half of the school year using the summative evaluation form. C. Late Hires (employees hired after the beginning of the school year) will enter evaluation timeline and requirements based on hire date. Regardless of hire date, they must have a self-reflection, Professional Growth Plan (Per timelines), and a summative evaluation.
- 6) All tenured certified school personnel shall be evaluated a minimum of one time during every five (5) year period. Please note: Certified tenured evaluations may be conducted more frequently than once every five years at the discretion of the building principal.

The Director of Human Resources is designated as the person responsible for evaluation training and as the contact person for the evaluation plan in the Floyd County School system.

II – Forms

- 1) The formative and summative evaluation forms used in evaluating certified personnel shall be developed and/or accepted by the evaluation committee and approved by the Superintendent and Board of Education.
- 2) For each formal observation the pre-observation form will be utilized and will be reviewed during a pre observation conference. For administrators, the growth plan will be utilized in lieu of a pre-observation form.
- 3) A list of evidence is outlined for position.
- 4) A mid-year report (formative) shall be completed for all non-tenured teachers and teachers new to the district. The evaluatee and evaluator shall sign the form no later than December 15th, and it shall be kept on file at the school. Employees shall be required to sign all forms ensuring the evaluation has been discussed and a copy of the evaluation provided to the evaluatee. The signing of the forms does not mean that the employee agrees with the content, only that the forms have been reviewed and discussed
- 5) An individual professional growth plan shall be developed by all certified employees annually. The growth plan shall be an individualized plan that includes:
Realistic, focused, and measurable professional goals. The plan should connect data from multiple sources including classroom observation feedback, data on achievement, and professional growth needs identified through self-assessment and reflection. As teachers collaborate with administrators to identify explicit goals, these goals should become the focus of professional growth activities, support, and on-going reflection related to the progress in meeting the goals and the impact that is measurable for both the teacher and students.
Reflective practices and professional growth planning are cyclical in design. The teacher (1) reflects on his / her current growth needs based on multiple sources of data and identifies an area or areas for focus; (2) collaborates with his / her administrator to develop a professional growth plan and action steps; (3) implements the plan; (4) regularly reflects on the progress and impact of the plan on his / her professional practice; (5) modifies the plan as appropriate; (6) continues implementation and ongoing reflection; (7) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.
- 6) A Corrective Action Plan shall be developed when any employee receives an overall summary rating of "Ineffective" on a summative evaluation or demonstrates a recurring significant deficiency in work performance to assist an employee. The Plan Shall Include:
Identification of the standard / standards rated ineffective
Present Professional Growth Stage
The Growth objective / goal(s) (desired outcomes)
Procedures and activities for achieving goals and objectives
Appraisal method and target dates

The corrective action plan shall include an opportunity for comments from both the evaluatee and the evaluator.

III – Procedures

Formative:

- 1) The primary supervisor and administrative designee (i.e. Superintendent and Director; Principal and Assistant Principal may conduct observations and summative evaluations).
- 2) When conducting an administrator evaluation, the primary evaluator may seek assistance from other administrative personnel in the collection of data.
- 3) The collection of data shall be considered a vital part of any evaluation. All evidence used for purposes of evaluation shall be documented in the district-approved platform. Evaluators must use the following categories of evidence in determining overall ratings:

Required Sources of Evidence

- Professional Growth Planning and Self-Reflection
- Observation

The observation model must fulfill the following minimum criteria when specific to teacher evaluation:

- Three (3) observations in the summative cycle. A minimum of 2 full observations and a minimum of 1 unannounced mini observation conducted by the supervisor. The district walkthrough document shall be used for the mini observation. Written feedback will be provided in order to promote growth.
- Final observation is conducted by the supervisor and is a full observation.
- The immediate supervisor or designee will maintain paper copies of all evaluation documents.
- The observation process is one source of evidence to determine teacher effectiveness that includes supervisor and peer observation for each certified teacher. The supervisor observation will provide documentation and feedback to measure the effectiveness of a teacher's professional practice. Only the supervisor observation will be used to inform a summative rating.

Additional Evidence to Support Assessment of Professional Practice For All Professional Standards and Frameworks May Include But Not Limited To:

- Communication logs
- Timely, targeted feedback from mini or informal observations
- Student work samples
- Student formative and / or summative course evaluations / feedback
- Minutes from PLCs
- Records of teacher attendance
- Video lessons
- Professional development certificates / agendas
- Team-developed curriculum units
- Lesson plans
- Student data
- Documentation
- School/District Comprehensive Plan
- Discipline Reports
- Teacher and Student Attendance Reports
- Parent Communications
- SBDM Minutes
- Faculty Meeting Agendas and Minutes
- Department / Grade Level Agendas and Minutes
- PLC Agendas and Minutes
- Leadership Team Agendas and Minutes
- Walk-through documentation
- Budgets
- EILA / Professional Development documentation
- Surveys
- Professional Organization memberships
- Parent / Community engagement surveys
- Parent / Community engagement events documentation
- Schedules
- Electronic correspondence
- Other _____

- 4) All monitoring and observations of performance of a certified employee shall be conducted openly and with full knowledge of the employee.
- 5) Unannounced visits by the evaluator(s) are permissible. Any documentation collected during these visits shall be shared with the evaluatee within five (5) working days.
- 6) A pre-observation conference shall be held at least five (5) working days prior to each formal observation. The evaluator shall also hold a post-observation conference within five (5) working days after each required documented observation.
- 7) The evaluator shall summarize the observations and conferences on the district-approved form and provide a hard copy to the employee at the end of the post-observation conference five (5) working days post evaluation.
- 8) The summative evaluation shall be discussed at a conference between the evaluator and the employee by April 15 of the evaluation cycle and shall include all evaluation data.

Summative:

- 1) Certified employees will be evaluated using the following table of performance criteria aligned to the four performance measures. Reflective of each performance measure, professional Judgement of the evaluator and evidence will be utilized in making the summative rating Exemplary, Accomplished, Developing or Ineffective.

- 2) For all certified employees, the evaluator will use professional judgment based on evidence and professional judgment from the four performance measures: planning, environment, instruction, and professionalism, to determine a summative rating. All ratings must be recorded on the district-approved forms/documentation for all certified employees and shall be discussed with the employee in a conference.
- 3) The overall performance measure rating will be based upon professional judgement and summative ratings of the four performance measures. If two ratings are equal, choose the higher rating.
- 4) All summative evaluations shall be based on multiple sources of evidence (evaluator observations, professional growth planning, and other possible sources of evidence.)

- 5) The summative evaluation shall be discussed at a conference between the evaluator and all employees by April 15 and shall include all evaluation data.
- 6) The evaluator shall take into consideration and note in writing any circumstances that may adversely affect an employee's performance.
- 7) All evidence used to determine overall performance rating will be documented in the summative evaluation conference.
- 8) The employee shall have an opportunity to give a written response to the evaluator and such response shall be filed with the evaluation in the employee's official personnel file.
- 9) A copy of the evaluation shall be provided to the person evaluated at the end of the summative conference.
- 10) Employees shall be required to sign all forms ensuring the evaluation has been discussed and a copy of the evaluation provided to the evaluatee. The signing of the forms does not mean the employee agrees with the content, only that the forms have been reviewed and discussed.
- 11) One designated administrator shall evaluate the performance of itinerant/traveling employees assigned to his/her school. The itinerant/traveling employee may request additional evaluative input from other supervising administrators.
- 12) All certified employees have the opportunity for written response on the summative evaluations and will be included in the official personnel record.

- ❖ Non-Tenured Teachers shall be on a summative cycle annually.
- ❖ Tenured Teachers shall be on a summative cycle a MINIMUM of once every five years. Additional observations, professional growth meetings and corrective action plans will be conducted at the discretion of the evaluator.
- ❖ **All Post conferences are a collaboration effort between the evaluator and the evaluatee. The evaluator will use professional judgment and will make the final determination of performance rating.**

IV – Plans of Action

Individual Professional Growth Plan:

- 1) A growth plan is an individualized plan that includes:
 - a) Goals for enrichment and development that are established by the person being evaluated with the assistance of an evaluator;
 - b) Objectives, a plan for achieving the objectives, and a method for evaluating success; and C.
 - c) Alignment with the specific goals and objectives of the school improvement plan or the district improvement plan; and
 - d) Identification of school and district resources within available funds to accomplish the goals.

The plan shall be developed by all certified personnel annually. The growth plan shall be reviewed annually, and review may be expected during the formative conference. The growth plan will be reviewed during the summative conference.

- 2) The professional growth plan requirement shall be met by completing one of the following:
 - a) The employee shall develop a professional growth goal which should be based on the certified educator's reflection component. The principal and certified educator shall review the appropriateness of the goal.
 - b) Any employee receiving an overall summary rating of "Ineffective" during the summative evaluation process shall be placed on a corrective action plan.

Corrective Action Plan:

- 1) When a significant deficiency in work performance is recurring, and may have an adverse effect on continuing employment, the evaluator shall note the deficiency in writing and hold a conference with the employee and the Superintendent/designee to discuss the deficiency. The employee shall have the right to request an Association representative or representation of his/her choice to accompany him/her to the conference. The evaluator shall identify professional staff services and/or materials available to the employee to assist the employee in correcting the specified deficiency and establish a specific timeline for improvement. Periodic conferences shall take place within the specified time to assess progress toward correcting the deficiency. Following each conference, the evaluator shall write a summary, which will include subsequent meeting dates. Copies of the summary shall be provided to the employee and Superintendent/designee, following each meeting.
- 2) Improvement of deficiencies by the employee shall be noted in writing and attached to all copies of the individual corrective action plan.

V – Appeal Process

PERSONNEL

03.18 AP.11

-Certified Personnel-

Appeals/Hearings

PURPOSE

An Appeals Panel shall be established in accordance with KRS Chapter 156 and [704 KAR 003:370](#). Based on issues identified in an employee's appeal documentation, the Panel shall determine whether the employee has demonstrated that a procedural violation has occurred under the District's evaluation plan and whether the summative evaluation is supported by the evidence.

The burden of proof that an employee was not fairly and/or correctly evaluated on the summative evaluation rests with the employee who appeals to the Panel.

APPEALS

Pursuant to Board Policy 03.18, any certified employee who believes that s/he was not fairly evaluated on the summative evaluation may appeal to the Evaluation Appeals Panel in accordance with the following procedures:

1. Both the evaluatee and evaluator shall submit three (3) copies of any appropriate documentation to be reviewed by members of the Appeals Panel in the presence of all three (3) members. The parties will exchange copies of documentation by or before the day it is submitted to the Panel. The members of the Appeals Panel will be the only persons to review the documentation. All documentation will be located in a secure place in the Central Office except during Appeals Panel meetings. Confidentiality will be maintained. Copies of the documentation as submitted to the Panel shall not be carried away from the established meeting by either parties involved or the Panel members.
2. The Panel will meet, review all documents, discuss, and prepare questions to be asked of each party by the Chairperson. Additional questions may be posed by Panel members during the hearing.
3. The Panel will set the time and place for the hearing, and the Chairperson will provide written notification to the appealing employee and his/her evaluator of the date, time, and place to appear before the Panel to answer questions.
4. Legal counsel and/or chosen representative may be present during the hearing to represent either or both parties.
5. The hearing will be audiotaped and a copy provided to both parties if requested in writing. The original will be maintained by the District.
6. Only Panel members, the evaluatee and evaluator, legal counsel, witnesses, and the employee's chosen representative will be present at the hearing.
7. Witnesses may be presented, but will be called one at a time and will not be allowed to observe the proceedings.

The local Board of Education shall establish an evaluation appeals panel for certified personnel, which shall consist of two (2) members elected by the certified employees of the District and one (1) member appointed by the Board of Education who is a certified employee of the Board. Certified employees who feel that they were not fairly and/or correctly evaluated may submit an appeal to the panel for a timely review of their evaluation.

The election for the evaluation appeals panel shall be conducted by the District Contact Person using the following criteria:

- A nomination form shall be used to seek nominations of persons whose names will be placed on a ballot unless the nominee(s), when contacted, indicate(s) otherwise.
- Ballots shall be prepared and distributed to each certified staff member. Elections shall be by secret ballot.

- Ballots shall be collected and counted by the secretary at each school.
- A tally sheet shall be forwarded from each school to the District Contact Person. Ballots shall be kept on file in the Principal's office of each school for two (2) school years.
- The District Contact Person shall total the votes. Tally sheets shall be kept on file for two (2) school years.
- The two (2) persons receiving the highest number of votes shall serve on the panel. The two persons receiving the third and fourth highest number of votes shall serve as alternates on the panel.
- The Board of Education shall appoint one (1) certified employee to serve on the appeals panel and one (1) certified employee to serve as an alternate.
- Elections and appointments shall be completed during the month of September.

HEARINGS

The following procedures will be implemented during the hearings:

1. The Chairperson of the Appeals Panel will convene the hearing, review procedures, and clarify the Panel's responsibilities.
2. Each party will be allowed to make a statement of claim. The evaluatee will begin.
3. The evaluatee may present relevant evidence in support of the appeal.
4. The evaluator may present evidence in support of the summative evaluation.
5. The Panel may question the evaluatee and evaluator.
6. The Chairperson may disallow materials and/or information to be presented or used in the hearing when s/he determines that such materials and/or information is not relevant to the appeal or when the materials were not exchanged between the parties as provided in this procedure.
7. Each party (evaluator and evaluatee) will be asked to make closing remarks.
8. The chairperson of the Panel will make closing remarks.
9. The decision of the Panel, after sufficiently reviewing all evidence, may include, but not be limited to, the following:
 - a. Upholding all parts of the original evaluation.
 - b. Voiding the original evaluation or parts of it.
 - c. Ordering a new evaluation by a second certified employee who shall be a trained evaluator.
10. The chairperson of the Panel shall present the Panel's decision to the evaluatee, evaluator, and the Superintendent within fifteen (15) working days from the date the appeal is filed.
11. The Superintendent may take appropriate action consistent with the Panel's decision.
12. The Panel's decision and the original summative evaluation form shall be placed in the employee's evaluation file. In the case of a new evaluation, both evaluations shall be included in the employee's personnel file.
13. The Panel's decision may be appealed to the Kentucky Board of Education based on grounds and procedures contained in statute and regulation.

Review/Revised:7/2025

VI – Timelines

Orientation to the evaluation plan including standards and performance criteria will occur within the first 30 calendar days of reporting to work. All Central Office and building administrators will complete PGP by September 30th, the formative conference will be completed by December 15th and the summative evaluation/yearly review will be completed by April 15th. A summative evaluation will be completed for administrators every 5 years. However, a yearly review will be completed every year beginning with the 26-27 school year. Beginning the 26-27 school year, all administrators currently employed are on the same evaluation cycle, meaning the five year summative evaluation will be conducted during the 2030-2031 school year.

VII – Professional Growth Planning and Self Reflection

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources which may include classroom observation feedback, student feedback, peer feedback, data on student growth and achievement, and professional growth needs identified through self-assessment and reflection. In collaboration with the administrators, educators will identify explicit goals which will drive the focus of professional growth activities, support, and on-going reflection.

The certified educator:

- (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus each year; (For principals, this may include a working conditions goal.) (For teachers and principals, include student growth goals that are a % of growth between fall and spring benchmark in content areas of identified need)
- (2) collaborates with his or her administrator to develop a professional growth plan and action steps;
- (3) enters professional growth plan in district-approved technology platform;
- (4) implements the plan;
- (5) regularly reflects on the progress and impact of the plan on his or her professional practice;
- (6) modifies the plan as appropriate;
- (7) continues implementation and ongoing reflection;
- (8) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.

Late hires will complete this process within 20 working days of employment.

VIII - Observation

The immediate supervisor of the certified employee shall designate the primary evaluator. Principals and assistant principals may conduct observations and summative evaluations.

Observation training will occur throughout the year during district leadership meetings. The frameworks, standards, and walkthrough tools will be used in correlation with videos of teaching and professional learning during school visits. EILA approval will be sought for these training sessions.

Observers will conduct one (1) mini observations of approximately 20 minutes each. The two (2) full observations are formal observation consisting of a full class or lesson observation. All monitoring and observation of performance is conducted with full knowledge of evalutee. Sources of evidence are to be identified. The performance criteria of ineffective, developing, accomplished and exemplary are aligned to the four performance measures of planning, environment, instruction, and professionalism.

IX – Observation Conferencing

The evaluator determines the format of the pre-observation conference (electronic or face-to-face). The preferred method for pre-observation conferences is face-to-face. However, video-conferencing may be used when situations arise that impede face-to-face conferencing. For example: NTI Days or emergencies. The evaluator will focus on one aspect of the certified educator's PGP during the mini observation.

Full observations shall include a pre-observation conference within five days of the observation, but no later than 24 hours of the observation, a full class period scheduled observation, and a post-observation conference within five (5) working days. The evaluator determines the format of the pre-observation conference (electronic or face-to-face). The preferred method for pre-observation conferences is face-to-face. However, video-conferencing may be used when situations arise that impede face-to-face conferencing. For example: NTI Days, inclement weather, emergencies, etc

The summative evaluation conference shall be held at the end of the summative evaluation cycle and submitted to the Human Resource Department no later than April 15th.

X – Observation Schedule

- Observations may begin after the evaluation training takes place within 30 calendar days of reporting for employment each school year.
- Late hires will merge into the observation schedule based upon hire date.
- Observations must be completed prior to April 15.

XI – Evaluator Certification

All administrators serving as a primary evaluator must complete the Initial Certified Evaluation Training provided by the Kentucky Department of Education or approved provider prior to conducting observations for the purpose of evaluation. The district will provide all evaluators six (6) hours annually of EILA approved evaluation training.

Procedures & Timeline for Central Office Administrators

District level administrators will develop a growth plan by September 30th. A formative conference will be held by December 15th and the summative conference will be held by April 15th. The following procedures will be utilized by the Superintendent/designee as the evaluator:

The evaluator will use professional judgment based on evidence from the four performance measures: planning, environment, instruction, and professionalism, to determine a summative rating (Ineffective, Developing, Accomplished, and Exemplary). All ratings must be recorded on the district-approved forms/documentation for all certified employees and shall be discussed with the employee in a conference. All certified employees have the opportunity for written response on the summative evaluations and will be included in the official personnel record.

The overall performance measure rating will be based upon professional judgement of the evaluator and summative ratings of the four performance measures. If two ratings are equal, choose the higher rating.

All summative evaluations shall be based on multiple sources of evidence (evaluator observations; professional growth planning, and other possible sources of evidence as identified in Section III.)

The summative evaluation shall be discussed at a conference between the evaluator and all employees by April 15 and shall include all evaluation data.

The evaluator shall take into consideration and note in writing any circumstances that may adversely affect an employee's performance.

All evidence used to determine overall performance rating will be documented in the summative evaluation conference.

The employee shall have an opportunity to give a written response to the evaluator and such response shall be filed with the evaluation in the employee's official personnel file.

A copy of the evaluation shall be provided to the person evaluated at the end of the summative conference.

Employees shall be required to sign all forms ensuring the evaluation has been discussed and a copy of the evaluation provided to the evaluatee. The signing of the forms does not mean the employee agrees with the content, only that the forms have been reviewed and discussed.

KENTUCKY FRAMEWORK FOR TEACHING

With Specialist Frameworks for Other Professionals School Counselors/Social Workers

The Framework for Teaching is a research-based set of components of instruction, aligned to the INTASC standards, and grounded in a constructivist view of learning and teaching. The complex activity of teaching is divided into multiple standards clustered into four domains of teaching responsibility:

1. *Planning and Preparation*
2. *Classroom Environment/Environment*
3. *Instruction/Delivery of Service*
4. *Professional Responsibilities*

It is important to realize that this Framework takes into account the Kentucky Teacher Standards, the Kentucky Board of Education's Program of Studies, Kentucky Academic Standards, and the Kentucky Department of Education's Characteristics of Highly Effective Teaching and Learning.

KENTUCKY FRAMEWORK FOR TEACHING

With Specialist Frameworks for Other Professionals Library Media Specialist

The Framework for Teaching is a research-based set of components of instruction, aligned to the INTASC standards, and grounded in a constructivist view of learning and teaching. The complex activity of teaching is divided into multiple standards clustered into four domains of teaching responsibility:

1. Planning and Preparation
2. Classroom Environment/Environment
3. Instruction/Delivery of Service
4. Professional Responsibilities

It is important to realize that this Framework takes into account the Kentucky Teacher Standards, the Kentucky Board of Education's Program of Studies, Kentucky Academic Standards, and the Kentucky Department of Education's Characteristics of Highly Effective Teaching and Learning.

Reflect on the lesson that was observed using the following guiding questions to focus your reflections:

In general, how successful was the lesson? Did the students achieve the learning targets? How do you know, and what will you do for those students who did not?	
In addition to the student work witnessed by the observer, what other student work samples, evidence or artifacts assisted you in making your determination for question one?	
To what extent did classroom procedures, student conduct, and physical space contribute to or hinder student learning?	
Did you depart from your plan? If so, how and why?	
If you had an opportunity to teach this lesson again to the same group of students, what would you do differently, and why?	
What do you see as the next step(s) in your professional growth for addressing the needs you have identified through personal reflection?

SUMMATIVE EVALUATION FORM

PROFESSIONAL STANDARDS for EDUCATIONAL LEADERS (PSEL)

The Principal Performance Standards are designed to support student achievement. The Performance Standards provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Professional judgement of performance measures *Planning, Environment, Instruction, Professionalism* will be used to inform the summative rating for the four performance levels: *Ineffective, Developing, Accomplished, and Exemplary*. Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a principal. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment is grounded in a common framework and the Principal Performance Standards.

The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

Sources of Evidence

Evaluators use professional judgment based on multiple sources of evidence promoting a more holistic and comprehensive analysis of practice. Evaluators will also take into account how principals respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual principal performance. These factors may include school-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and / or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings:

- Professional Growth Planning and Self-Reflection
- Site-Visits
- Working Conditions Goal (Based on Impact Kentucky Survey)

Evaluators may use other sources of data / evidence in determining overall ratings. Additional evidence may include items from the following list (not a comprehensive list):

- Documentation
- School Comprehensive Plan
- Discipline Reports

Professional Growth Planning and Self-Reflection—*completed by principals and assistant principals*

Completed annually, the Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will link data from multiple sources including site-visit conferences, and achievement, and professional growth needs identified through self-assessment and reflection. The principals will identify explicit goals which will drive the focus of professional growth activities, support, and on-going reflection.

The principal / assistant principal (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus; (2) develops a professional growth plan and action steps; (3) implements the plan;

(4) regularly reflects on the progress and impact of the plan on his or her professional practice; (5) modifies the plan as appropriate; (6) continues implementation and ongoing reflection; (7) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.

Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on achievement.

All principals and assistant principals will participate in self-reflection and professional growth planning each year. Each is responsible for developing a Professional Growth Plan.

Site-Visits (SV)—completed by supervisor of principal and assistant principal

Site visits are a method by which the superintendent / designee may gain insight into the principals' practice in relation to the standards. Additionally, the principal is provided an opportunity to explain the successes and trials the school community has experienced in relation to school improvement.

- Site-visits (SV) for the principal will be conducted at least once each year. (Formal site-visits are not required for the assistant principal).
- SV occurs prior to December 31st and before April 15th of each school year.
- SV range from watching how principals interact with others, to observing programs and shadowing.

Conferencing

At least 2-conferences will take place between Evaluator and Evaluatee throughout the year.

1. Mid-Year Review

- a. Review mid-year evaluation
- b. Discuss strength and areas of concern
- c. Discuss documentation of each standard; determine if other documentation is needed.
- d. Questions / Concerns / Comments

2 End-of-Year Review

- a. Establish the purpose of the meeting.
- b. Discuss observations / site visits and provide feedback.
- c. Share progress toward SGG.
- d. Share progress toward PGG.
- e. Discuss progress of each standard and determine if other documentation is needed.
- f. Discuss overall rating based on Professional Practice.
- g. Questions / Concerns / Comments

Working Conditions Goal

Principals are responsible for setting a 2-year Working Conditions Growth Goal that is based on the most recent *Impact Kentucky Survey*. The principal's effort to accomplish the Working Conditions Growth Goal enhances professional performance and positively impacts school culture and student success.

- Developed following the completion of the Impact Kentucky Survey.
- Minimum of one 2-year goal.
- Priority will be given to any category at or below 75 percent.

To maintain consistency in positively impacting school culture and success, the Assistant Principal will "inherit" the WCG as set by the principal.

Working Conditions Growth Goal Setting Process

The Goal will be recorded on the district *Impact Kentucky Working Conditions Growth and Professional Growth Planning Template*.

The Principals, in collaboration with their superintendents / designee, will review the results from the *Impact Kentucky Survey*.

1. Principals will identify an Impact survey question that indicates a need for growth and will then identify

additional Impact survey questions that may have similar results.

2. Once these are identified, the principal will connect these questions to one or more of the Principal Performance Standards.
3. Next, the principal will develop a WCG Goal statement that will identify a measurable target that the principal will set and will be addressed during the next 2 school years.

Attendance Goal

Floyd County Schools strongly believes that attendance is critical to student achievement especially in the area of closing achievement gaps. We believe that increasing student achievement requires a systemic approach that ensures schools increase rigor, has a systemic system of support for students, has an adult advocate for every student and addresses truancy in a systemic fashion. We believe the school culture is a large predictor of student attendance.

Therefore, each principal in Floyd County Schools will establish an annual goal with an agreed upon rubric and growth goals to ensure the goal is met based on what the principal will do to impact change. The percentage growth will be a collaborative conversation between the principal and the superintendent / designee. The results will be included in the professional judgment of the principal's overall annual performance.

Student Growth Goal

Shall be a percentage of growth from fall to spring benchmark in the content area identified as of most need.

Products of Practice / Other Sources of Evidence

Principals / Assistant Principals may provide additional evidence to support assessment of their own professional practice. This evidence should yield information related to the principal's / assistant principal's practice within the performance criteria of ineffective, developing, accomplished and exemplary which are aligned to the four performance measures of planning, environment, instruction, and professionalism.

Part A: Reflection on the Standards in the Kentucky Principal Professional Growth and Effectiveness System

Reflect on the effectiveness and adequacy of your practice in each of the performance standards. Provide a rating (I = Ineffective; D = Developing; A = Accomplished; E = Exemplary) on each performance standard and list your strengths and areas for growth. A complete listing of performance standards and indicators can be found at the end of this form.

Standard	Self-Assessment				Strengths and areas for growth
1. Mission, Vision, and Core <i>Effective educational leaders develop, advocate, and enact a shared mission, vision, and core values of high- quality education and academic success and well-being of each student.</i>	I	D	A	E	
2. Ethics and Professional Norms <i>Effective educational leaders act ethically and according to professional norms to promote each student's academic success and well-being.</i>	I	D	A	E	
3. Equity and Cultural Responsiveness <i>Effective educational leaders strive for equity of educational opportunity and culturally responsive practices to promote each student's academic success and well-being.</i>	I	D	A	E	
4. Curriculum, Instruction and Assessment <i>Effective educational leaders develop and support in intellectually rigorous and coherent systems of curriculum, instruction, and assessment to promote each student's academic success and well-being.</i>	I	D	A	E	
5. Community of Care and Support for Students <i>Effective educational leaders cultivate an inclusive, caring, and supportive school community that promotes the academic success and well-being of each student.</i>	I	D	A	E	
6. Professional Capacity of School Personnel <i>Effective educational leaders develop the professional capacity and practice of school personnel to promote each student's academic success and well-being.</i>	I	D	A	E	

Standard	Self-Assessment				Strengths and areas for growth
7. Professional Community for Teachers and Staff <i>Effective educational leaders foster a professional community of teachers and other professional staff to promote each student's academic success and well-being.</i>	I	D	A	E	
8. Meaningful Engagement of Families and Community <i>Effective educational leaders engage families and the community in meaningful, reciprocal, and mutually beneficial ways to promote each student's academic success and well-being.</i>	I	D	A	E	
9. Operations and Management <i>Effective educational leaders manage school operations and resources to promote each student's academic success and well-being.</i>	I	D	A	E	
10. School Improvement <i>Effective educational leaders act as agents of continuous improvement to promote each student's academic success and well-being.</i>	I	D	A	E	

Examine additional relevant data sources to make an informed decision on growth needs. Select an area of growth from the above self-reflection to focus your professional growth goals. (1-2 goals)

Part B: Principal's IMPACT Kentucky Working Conditions Goal

Target Question(s) from IMPACT Kentucky Results:

Following a review of IMPACT Kentucky results, the principal, in collaboration with the superintendent, will identify questions that signify areas of growth that the principal can address that will impact school culture and ultimately student success.

Target Performance Standard:

The principal will connect the Target Questions to the appropriate Performance Standard, which becomes the Target Performance Standard for the WC Growth Goal.

Working Conditions Growth Goal Statement:

The WC Growth Goal statement should be specific to the principal and should identify the specific growth that the principal plans to accomplish in the 2-year cycle of IMPACT Kentucky.

Working Conditions Growth Goal Rubric:

The rubric is established when setting the WC Growth Goal in collaboration with the Superintendent. An "Accomplished" result is the expected outcome from the goal. To achieve "Exemplary" the goal must be exceeded.

2) On-going Reflection: Complete this section at mid-year to identify progress toward each Working Conditions / Professional Growth Goal

KENTUCKY FRAMEWORK FOR TEACHING

With Specialist Frameworks for Other Professionals School Psychologists

The Framework for Teaching is a research-based set of components of instruction, aligned to the INTASC standards, and grounded in a constructivist view of learning and teaching. The complex activity of teaching is divided into multiple standards clustered into four domains of teaching responsibility:

1. Planning and Preparation
2. Classroom Environment/Environment
3. Instruction/Delivery of Service
4. Professional Responsibilities

It is important to realize that this Framework takes into account the Kentucky Teacher Standards, the Kentucky Board of Education's Program of Studies, Kentucky Academic Standards, and the Kentucky Department of Education's Characteristics of Highly Effective Teaching and Learning.

Focus: Are there any student characteristics and behaviors the observer should be aware of during the observation period?

No, observer, has full purview of the students in the alternative school setting

Objective(s): Identify the major concepts you will focus on during the lesson.

Students are diligently working on their appropriate grade courses.

Methods: Procedures, Materials, and Activities: How will learning be accomplished? List methods, procedures, materials required and student activities that will take place.

Students are in assigned seats quietly working , with questioning from educator to students and vice versa. Laptops with the Apex program are provided for students. Students are free to request help and insight from educator.

Evaluation: How will you evaluate the lesson?

By the progress and understanding of assigned material and numerical empirical data which places a percentage on progress.

Reflect on the lesson that was observed using the following guiding questions to focus your reflections:

In general, how successful was the lesson? Did the students achieve the learning targets? How do you know, and what will you do for those students who did not?	
In addition to the student work witnessed by the observer, what other student work samples, evidence or artifacts assisted you in making your determination for question one?	
To what extent did classroom procedures, student conduct, and physical space contribute to or hinder student learning?	
Did you depart from your plan? If so, how and why?	
If you had an opportunity to teach this lesson again to the same group of students, what would you do differently, and why?	
What do you see as the next step(s) in your professional growth for addressing the needs you have identified through personal reflection?

KENTUCKY FRAMEWORK FOR TEACHING

With Specialist Frameworks for Other Professionals

Therapeutic Specialists

The Framework for Teaching is a research-based set of components of instruction, aligned to the INTASC standards, and grounded in a constructivist view of learning and teaching. The complex activity of teaching is divided into multiple standards clustered into four domains of teaching responsibility:

1. Planning and Preparation
2. Classroom Environment/ Environment
3. Instruction/ Delivery of Service
4. Professional Responsibilities
