**Takeaways to help
Board and Staff**

The NFHS Summer Meeting gave me the opportunity to connect with other state association staffs and share ideas and best practices related to the sports and responsibilities I oversee. It's always helpful to hear how other states handle similar situations, and the networking and conversations make this one of the most valuable meetings I attend each year.

General Commentary

I appreciate the opportunity to attend this meeting each year. It provides valuable professional development, networking opportunities, and ideas that I can bring back to benefit the KHSAA and our member schools.
