Member School Item

Title IX

**Takeaways to help
Board and Staff**

The Title IX Annual Reports required from members were completed and submitted with the following exceptions:

Beth Haven

Cornerstone Prep

David School

Holy Family

Staff will continue to follow up with these four schools regarding the failure to submit thier report.

The 2025-2026 Title IX Revisits were completed in mid March and the audit staff is currently updating the State Report that documents any deficiencies that were observed/documented during these revisits.

A tentative list of schools that will be revisited during the 2026-2027 school year has been compiled.
