

March 31, 2011

Ms. Perkins,

This letter is to inform you of my intent to leave the classroom. I would like to express my appreciation to the Board of Education for allowing me a leave of absence these past two years to stay home with my son. During this time, I have learned so much about prioritizing and being a mother. I realize that time goes very quickly and how fast my son is growing. I have decided it is important to stay home with him, while he is little and enjoy every moment I have with him. Thank you for allowing me the opportunity to work with Gallatin County Schools and the students of this district. I will cherish the experiences I have had, continue to support this school district and maintain connections with my former students.

Sincerely,

A handwritten signature in blue ink that reads "Kristy Jury". The signature is written in a cursive, flowing style.

Kristy Jury
