Applicable Statute or Regulation:

KRS 161.028, KRS 161.048, 19 KAR 9:110

History/Background:

Existing Policy: KRS 161.048(10) establishes the Option 9 alternative route to certification. This route provides for the expedited certification of a person to teach at any grade level through a cooperative program between a college or university and a school district. The expedited certification program will result in a bachelor's degree and initial certification within three (3) school years. The candidate is not certified while completing the route but shall complete a residency/paraprofessional component and receive coaching and mentoring from experienced teachers. 16 KAR 9:110 establishes the standards and procedures for Option 9 and contains sections covering providers, residency, field experience, student teaching, application review, continuance of program approval, revocation for cause, reconsideration, data reports, and professional certificates.

Summary: Knott County Schools has partnered with University of the Cumberlands to develop a proposed Option 9 program. In accordance with Section 5 of the regulation, staff reviewed the application and found that it meets the requirements of KRS 161.048 and 16 KAR 9:110. A copy of the application has been provided for review by the EPSB but will be sent under separate cover. As part of the proposal, each party has agreed to take on the following:

Knott County Schools will:

- Employ the participant in a residency or paraprofessional program within the school district for the duration of the program as long as the participant is making successful progress in the Option 9 program.
- Utilize experienced teachers employed by the district to provide coaching and mentoring to the participant.
- Ensure at least one (1) mentor is certified in the area in which certification is being sought.

- Ensure the availability of funding for each participant for the duration of the candidate's participation in the program as long as the participant is making successful progress in the Option 9 program.
- Ensure at least one (1) year of employment provides hands-on experience in the area in which certification is being sought.
- Continue this partnership until the district's employed participants for Option 9 certification complete the program or are no longer employed by the district.
- No longer accept new candidates to the program if the district decides to end the partnership.

The University of the Cumberlands will:

- Ensure that the completion of coursework and field experience will result in a bachelor's degree and initial certification within three (3) years;

- Assign a university supervisor to work with the participant during the third year of the program.

In accordance with 16 KAR 9:110, Section 5, initial program approval will be for a period of three (3) years. After that time, the providers may apply for continuing program approval and provide evidence of program quality.
