The numbers shown above are based on current enrollments.

I will continue using the Attendance Tracking Data Sheet for this school year. Although the document will be updated weekly once the school year begins, I wanted to provide access to it in advance [HERE](#).

We will continue using the electronic system implemented last year, which allows families to complete most beginning-of-year paperwork online. We will also continue using the electronic version of the Home Income Form. Information submitted through this system will continue to integrate directly into Infinite Campus.

This year, we are accepting school fee payments through Infinite Campus. We have also asked families to complete the Annual Update through Infinite Campus to ensure that demographic and contact information is current.

Enrollment activity has been especially busy over the past couple of weeks. I have been processing new enrollments and working to ensure that both buildings are prepared to welcome their new students. I am also continuing to send exit surveys to families whose students have left our schools.

School Report Card approval is now open. I have submitted the Safety portion and will continue working with district leadership to complete the remaining sections before the September deadline.

FRYSC/YSC

We are very excited to welcome Briley Seiter as our new FRYSC Coordinator. He is eager to get started, and we are working together as a team to help him prepare for the upcoming school year.

We are also working hard to ensure that our Back-to-School Bash is a success. We look forward to sharing more information and highlights following the event.
