

Lincoln Elementary School

Board Report

August 2026

Family Partnership Meetings:

- We are excited to announce that for our *Family Partnership Meetings* held on Thursday, Augustth and Friday, August 9th we had 100% participation! These meetings were not only well attended, but also intentional family meetings in which EACH LES student with their family met with the teachers who will be working with them during this upcoming school year. It was a great getting-to-know each other opportunity!

First Days of School! We have had such positive and engaging first few days of school welcoming home our little devils to the new school year!

- *Students are:*
 - busy learning their new routines with expectations
 - already earning their PBIS Devil Card Points and getting to shop in the Devil Store
 - taking some very important assessments so we can determine learning needs
 - laughing, growing and learning!

Learning at Lincoln!

- Our reading series, *Amplify CKLA* is in its fifth year of implementation. Over the summer, Lincoln Reading teacher received customized literacy training with their grade level colleagues from our Coach, Stefany Bragg and LES Literacy Specialist, Amanda Berringer. These trainings were intentional trainings geared to each individual grade levels' needs for their students.
- We are in our sixth-full year of implementation of our math series, *EnVisions Math*. This year all intermediate math will be taught by Troy Clifton and Sherry Clifton. These teachers are master teachers in this field!
- All students will be embarking on our second year of intentional Social Emotional Learning through the *Second Step Program*.

Emergency Plan/Drills

- Every LES Staff member participated in a safety training with Officer Brendel prior to the first day of school with students. During the training we reviewed all safety and drill procedures.
- All state required emergency drills are being completed during this first full week of school (severe weather, lockdown, earthquake, fire, etc.)

21st Century After-School Learning Program

- Our After-school program is up and running already this school year. They began the fourth day of school and are serving approximately 45 students at this time. They have the capacity to serve 100 of our Lincoln students grades K – 6.

Attendance! Nine days or less equals success!

- We are starting the year off strong with the continued emphasis on the message about the importance of attending school.
- Our classrooms are participating in an Attendance game. This year's game is a Chutes and Ladders themed game where they are tracking classroom attendance in order to earn incentives.
