GENERAL FUND EXPENSES

- Pulled all staff for FY27 to calculate salary and fringes (This is done as close as possible to beginning of school year so that we can have the most accurate dollar amounts.)
- Budgeted for on-behalf payments at 12 million based on prior actuals (started this practice in FY22). Decreased from 14 million in FY25. The last few years those calculations amounts decreased. Looks like it is swinging back up – might need to adjust at year-end.
- Adjust utilities (gas, electric, water, pest, garbage, fuel etc.) based on actual trends that were spent in prior year if necessary.
- Adjusted contingency to 4% at 2.055 million.
- Adjusted TLC lease in budget to \$376,986.
- Adjusted SRO contract price to reflect other funding paying part of the contract besides general fund (safe schools and SRO funding).
- Other non-personnel items were adjusted due to accurate numbers coming in over the summer.
- Took 250K out of the budget for strategic plan expenses – didn't use this over the last few years. Needed it to balance the FY27 budget.
- Took out money for raises for FY27 under contingency (savings) at 1.2 million.
- Summer program 2027 at 276K with title funding an additional 200K
- Adjusted superintendent's emergency budget down to 100K.
- Added general fund support dollars for Bigg's preschool to balance staffing and non-personnel needs in addition to KERA preschool & IDEA-B preschool funding.
- Added general fund support dollars for special education – all locations to balance staffing and non-personnel needs in addition to IDEA-B funding.
- Chapman daycare transfer 196K out of general fund to help support the program.
- Adjusted sick leave payout to 200K in FY27.
- Added big ticket items to the budget if necessary.
