

Counselors' Corner

Ms. Jennifer Weber and Dr. Michelle Cravens

October 2026

- **High School Showcase:** We will be hosting our Southgate High School Showcase on Tuesday, October 27th at 5:30. Representatives from Highlands High School, Dayton High School, Newport High School, and Bellevue High School will be here to share information with our 8th graders and their families regarding their transition next year. We will also serve dinner to all our participants and families courtesy of the Partners for Change organization and our family engagement grant. We are excited for our lion leaders to start planning their future as high schoolers.
- **Student Support Center:** Dr. Cravens and Ms. Weber have been very pleased with the success of our new office space, the student support center. Both teachers and students have utilized our meeting space and calm down areas to complete work, de-escalate student behaviors, and provide a safe area for redirection. We also provide office space for some of our itinerant employees including the FRYSC coordinator, the McKinney-Vento director, and the ELL instructor. As we always say, the student support center is a happenin' place!
- **Awards Program/Halloween Celebration:** Dr. Cravens and Ms. Weber are working with the leadership team to prepare for two big events occurring on Friday, October 30th. We will honor our elementary and middle school students in separate award ceremonies that day to recognize perfect attendance, Lion's Pride awards, and MAP goal achievements. The team will also work together to organize the annual Halloween Parade around town. We are hoping to make this our biggest and best parade yet!
