September 2026

1. School Information
    - Enrollment: 438 as 10/16/26
    - Attendance: 94.24% (Month 2)

2. School-Wide Data

Walkthroughs	August	September	October (As if 10/16)
Principal	32	53	22
Team	128	118	39

3. Alignment of Systems & Structures
    - Problem of Practice: Classroom tasks vary in their level of rigor and cognitive demand across classrooms and content areas, resulting in inconsistent opportunities for students to engage in high-level thinking, application, and demonstration of learning. The problem of practice is to strengthen the consistency and quality of classroom task design to ensure all students experience high-level, rigorous learning across classrooms and content areas.
        - The instructional leadership team is currently collecting data from all classrooms around the tasks in the classrooms. We are focusing on
            - What are we asking the students to do?
            - Are they engaged in that task?
            - Does this task match the rigor of the standard?
    - Pillars of Academic Excellence serve as an anchor document for teachers and staff that aligns to the problem of practice.
    - 26-27 Strategic Plan serves as a procedural document that aligns our beliefs and focus.

4. Culture, Climate, and Behavior
    - **Value, Appreciate, Recognize, & Develop Initiative:**
      Patriot Weekly Recognition honors one student from each team who consistently demonstrates the competencies outlined in our district's *Profile of a Patriot* and/or the building pillars of **PRIDE**. By intentionally recognizing these traits, we reinforce our district's mission, build student confidence, foster a culture of appreciation and belonging, and encourage all students to strive toward becoming ***resilient learners, effective communicators, creative problem solvers, engaged global citizens, and accountable collaborators.*** Students earn Bazzell Bucks and Social Media recognition for this achievement.

Behavior	Aug	Sep	Oct	Nov	Dec
Disruption	10	59			
Disrespect/Defiance	9	64			
Fighting	2	5			
Bullying	1	6			

Positives:

Behavior	Aug	Sep	Oct	Nov	Dec
Positive Behavior- PRIDE Expectations	24	38			

5. Family and community engagement
    - Families receive a weekly Newsletters go open informing parents of important information and upcoming events.
    - Student led Conferences are tonight
6. School Improvement Initiatives
    - Weekly PLCs focused on What are we asking the students to do, are they getting it, and What do we do if they don't.
    - Weekly lesson plans are submitted for the instructional leadership team to provide feedback to teachers around the task we are completing in classes.
7. Progress toward district priorities
    - Professional Learning continues to focus on the districts 4 priorities and 5 non-negotiables
8. Student, staff, and school accomplishments
