Background/Rationale: The School Facilities Construction Commission has made an official FY27 KETS First Offer of Assistance to Fayette County in the amount of $484,700.00. KETS funds are used by the district to assist with the purchase of student and staff devices, hardware, infrastructure equipment, software, fund the Student Technology Leadership Program (STLP) and provide professional learning opportunities for teachers and staff. Accepted KETS offers of assistance must be matched by the district. Funds are used in accordance with board identified priorities for technology. KDE requires that the Board and Superintendent take action within 60 days to accept the KETS offer.

Strategic Priority:

- ☑ Student Achievement
- ☐ Unity, Belonging & Student Efficacy
- ☐ Highly Effective, Culturally Responsive Workforce
- ☐ Outreach & Engagement
- ☑ Organizational Health & Effectiveness

Data Considerations: Monitoring replacement cycle of student and staff devices, adding/replacing infrastructure such as servers and network equipment, and providing additional opportunity for professional learning for school and district staff.

Policy: 01.11 – General Powers and Duties of the Boards

Fiscal Impact: KETS Offers of Assistance provide funds to the district to support the implementation of technology related projects, equipment and training. The district must equally match the offer of assistance. The district uses funds already identified for technology salaries, e-rate eligible projects, and other technology items. The match funds are included in the existing budget and do not require an additional expenditure.
