Topic	Attendance on Behalf of KHSAA
Attendance for KHSAA	
Meeting_Session Attended	NFHS Sports Summit
Takeaways to help Board and Staff	The NFHS held its first ever Sports Summit on October 6-7 in Indianapolis. On behalf of the KHSAA, I presented on Indoor Track & Field as well as on Diving in our state. For indoor track & field, I detailed how we started our first ever indoor championships and gave advice to other associations on how to start in their state. In addition, I highlighted the growth of participation from Year 1 to Year 3. For diving, I presented on Kentucky using the 6-dive format in the state championship series in 2026. I highlighted the growth of our diving participation from 2025 to 2026, specifically filling the boys state qualifiers of 40 participants for the first time since Covid.
