	Associate Commissioner Butch Cope
Topic	Attendance on Behalf of KHSAA
Attendance for KHSAA	
Meeting_Session Attended	NFHS Section 2 Meeting
Takeaways to help Board and Staff	This meeting allows the opportunity for staff in our section to review topics and issues each other are facing. It provides a great chance to further get to know staff from other states as there has been some changeover in other states. In addition, the NFHS provides updates on strategic action for the year with the group.
General Commentary	Various topics were discussed including transfers, state legislature issues, school/coach discipline, DQ process, recognitions, student athlete experience, and insurance to mention a few. There were also separate breakouts for officials staff, commissioners, and assistants/associates. This meeting is an important way for KHSAA to network with NFHS staff, state association staff, and sponsors that help support the meeting.
