

# **All American Network Cabling**

-Quote and SOW Customer Agreement

April 14, 2011  
Rory Fundora  
Todd County Schools

Dear Rory,

This is the quote requested for the installation of copper and fiber cabling at the elementary school.

**SCOPE OF WORK:** AANC will install (36) plenum, cat 6 cables. Four class rooms will receive a total of (9) cables each, (6) for student data, (1) for voice, (1) for WAP and (1) for projector. A 15' service loop will remain for WAP and projector cables. AANC will also install a 7' relay rack in the IDF with proper wire management and patch panels.

AANC will install a 12 strand fiber optic back bone between MDF and IDF with rack-mounted enclosures. All testing and labeling will meet or exceed KETS and/or customer standards.

AANC will not provide copper or fiber patch cables.

## **Copper Cabling**

**Material \$3,600**

**Labor \$2,320**

**Sub Total \$5,920**

## **Fiber Cabling**

**Material \$2,170**

**Labor \$800**

**Sub Total \$2,970**

## **Travel, Set Up, Testing**

**Sub Total \$1,100**

**Total \$9,990**

**Warranty** AANC will provide the necessary connectivity components and labor to install. Material provided by AANC will carry a 10 year warranty but will apply only for faulty installation or manufacturer defect. Details will be provided upon request.

**Payment Terms:** Net 15 from completion.
