Motion Passed: passed with a motion by Mrs. Michelle Calhoun and a second by Mrs. Bethanie Curtis and the consensus of the council. }

5. Second Reading of CHAMPS Policy (with simplified wording changes for better understanding). Approve

Motion Passed: passed with a motion by Mrs. Michelle Calhoun and a second by Mrs. Bethanie Curtis and

the consensus of the council. }

6. Discuss STAR Screening, School Profile Report/School Report Card for KDE

STAR Screener given, results will be given next meeting. School Profile Report/School Report Card are being worked on for KDE and will be discussed at our joint board of education meeting.

7. Discuss Special Education Numbers

There is potential for a need of an additional SPED position. We are nearing all cap student numbers for our current SPED teachers. We are at 46 now and would be best interest of teachers and students to meet the needs to potentially add an additional teacher. Discussions with Mr. Booth have been had and he has stated to meet the need we should have 48 students deeding services and resource for this additional staff member.

8. Discuss Math Coach

Currently the math coach is working with us to help all teachers and students with a focus on building common core "cold assessments" that no teacher or student will see prior to being given. This will help us to gather information on where students are and focus on improvements. This employee will be paid via Title funding, but any extra time she is here may come from SBDM funding as needed for the best interest of improving math concepts understanding.

9. Dismiss

Motion Passed: passed with a motion by Whitney Aldridge and a second by Mrs. Michelle Calhoun and the consensus of the council. }

Next Meeting will TUESDAY- Oct. 21st. Discuss future meeting dates next meeting.
