 II.C.1. Superintendent Report

Superintendent Phillip Watts stated Mrs. Hamilton done a great job recognizing everyone. Mr. Watts stated we have been having a lot of meetings and appreciate everyone who has been working so hard. Mr. Watts stated we have added three C to our teams, which are customer service, communication, and cheerleading. The principals have done a great job. Mr. Watts stated food service and transportation have been working so hard during this time. The board voted 5-0 for the NTI application and we have had 1400 meals delivered as of today. Mr. Watts stated he cannot say enough about the teacher's and NTI instruction that has been given. The district already had the communication plan, internal /external in place and we did not have to go back and re-invent one we have just been following our process. The schools will play an important role if the Coronavirus were to get worse. Mr. Watts reviewed the plus deltas and the action plan. The governor has not signed Senate Bill 177 and there has been some changes. All K-prep has been suspended for the school year. Mr. Watts stated KDE is working on a task force for instruction for our students. There are concerns regarding the budget and Mr. Watts hopes we can get some reimbursement for Food Services and transportation mileage. Mr. Watts stated he knows as a District we have the support of the board. Mr. Watts stated he is thankful that we have a board that is committed. We may be able to revert to 18-19 school year regarding attendance for reimbursement. We will have to wait on the governor to sign on emergency policies and staff is working to be flexible. Mr. Watts stated he is very humbled to have a great team.

**II.C.2. Attendance Report**

Susan Watts, Director of Pupil Personal provided the Attendance Report. Mrs. Watts stated we ended month 7 at 90.5. This only includes data from March 13 and will not include NTI days. There must be adjustments made later. Individual schools at that time SES 89.2 MRC 91.29 HTS 91.02 and the High school had 90.1 the data as of today without any adjustments we are running about 93.3 and we are about a half a point behind where we were at last year. We may revert to last year's ADA.

Mrs. Watts stated we were up a little on our growth factor we normally been average 32 students a year we lose. The projection out of University of Louisville we must keep in mind by 2040 we are looking at a 31 percent population decrease.

**II.C.3. Harshaw Trane Energy Report**

Will Noble, Facility Director, provided a report on Harshaw Trane Energy. Mr. Noble stated included in the packets is the quarterly packet we receive from Harshaw Train reporting on the energy savings. One thing is we talked about total cost avoidance. The District went back and ask that they include a snapshot that allows us to see the cost that has incurred. We are getting savings because of energy efficient. Included in the report was what we are saving when we do projects. The yellow line HTS, approved several years back, Trane equipment for HVAC and was able to track this and we are not getting some baseline information. The green line shows at, SES, we are incurring some extra cost with construction. Since we have been out the building cost has gone back down from not being occupied.
