RESOLUTION

SUPPORTING PASSAGE OF HB 187: RELATING TO STUDENT JOURNALIST FREEDOM

WHEREAS, Journalism is a pillar of democracy, and a free press is protected by the First Amendment to the United States Constitution; and

WHEREAS, the Bullitt County Board of Education believes that student journalists are important participants in the media ecosystem and are increasingly the only source of local and education news in their

communities; their work creates an historical record of their generation's experiences, and provides an important service to the community; and

WHEREAS, The integrity and independence of journalists is a key tenet of their work and is guided by Codes of Ethics as determined by professional journalism and journalism education societies such as the Society of Professional Journalists; and

WHEREAS, the Kentucky Board of Education believes that censorship of student journalists contravenes the tenets of the First Amendment and the basis of a free and informed society and it undermines the role of education in producing engaged, civic-minded, critical thinkers; and

WHEREAS, the U.S. Supreme Court held in *Tinker vs. Des Moines* (1970) that students do not "shed their constitutional rights to freedom of speech or expression at the schoolhouse gates" with only narrow and limited exceptions; and

WHEREAS, the U.S. Supreme Court decision in *Hazelwood School District vs. Kuhlmeier* (1988) permits subjective and overbroad censorship of student journalists by school administrators and has been discredited by every journalist education association in America; and

WHEREAS, despite its essential role in the school community, student journalists' speech is held to a higher standard than other students on campus and is often censored for arbitrary and subjective reasons; and

WHEREAS; we believe student media advisers should not face retaliation, reassignment or termination for refusing to censor responsible and truthful student media; and

WHEREAS, Representative Attica Scott has introduced HB 187, a bill relating to student journalist freedom, to restore and protect the rights of student journalists and advisers; and

WHEREAS, The Act would prohibit the censorship of student journalists except in certain narrow circumstances in line with the standard established by the U.S. Supreme Court in *Tinker v. Des Moines*; and would protect from retaliation advisers who refuse to illegally infringe upon student journalists' press freedom;

NOW, THEREFORE BE IT RESOLVED That the Bullitt County School Board does hereby support HB 187 and the freedom of Kentucky's student media and ask the Kentucky General Assembly to support the Act and pass it, restoring and protecting the rights of student journalists and their advisers.

BE IT FURTHER RESOLVED, That, upon passage, copies of this resolution be sent to the Commissioner of Education and the elected House and Senate members of the Kentucky General Assembly.

2021-026- Motion made by Darrell Coleman, seconded by Lisa Hodges, to approve the Resolution as presented. All members voted YES.

Superintendent's Report

- Superintendent Jesse Bacon talked about last week's lack of in-class learning due to the hazardous snow and ice conditions that warranted a snow day and week of remote learning. Dr. Bacon thanked Facilities Director Ed Oyler and the maintenance staff for their work in clearing school parking lots and sidewalks and also School Nutrition Services Director Todd Crumbacker and the food service crew for preparing student meals.
- Dr. Bacon reminded everyone that the second dose of the employee COVID-19 Vaccine is scheduled for March 3-4 at Bullitt Central High School. All employees who received the first dose have been notified of the day and time of the second dose. Dr. Bacon thanked Human Resources Director Thea Hurt and the HR staff for their work in keeping subs and volunteers in classrooms during the first round of vaccinations. Contracts

1. Adaptive Schools Training MOA

This Memorandum of Agreement is with Adaptive Schools Foundation Seminar and Dr. Maggie McGatha. Dr. McGatha is a retired University of Louisville professor who approached BCPS to be a "host" training site for Adaptive Schools due to common practices that occur within our district congruent with this work along with the high numbers of staff we send to the training. Based on the information, two high school instructional coaches were sent to become trainers. To complete their training, the district is required to offer two rounds of Adaptive School Training within a minimum of 12 participants. The first round was completed on April 17, 2020, but were not able to complete the second training for Cohort 1 due to the COVID-19 pandemic. Due to this, an updated MOA was drafted to reflect new dates and funding sources. This training will be advertised throughout the region and state for additional participation, at a cost, along with providing training for staff within BCPS at no charge. The total cost of the training will be \$8,000 plus round-trip mileage and texts associated with the training. Funding will come from the Title II and the Student Learning budget.

2. Paroquet Springs Conference Centre – NBHS Prom

Presented was a contract with Paroquet Springs to hold the NBHS prom on April 24, 2021. North Bullitt High School previously submitted a contract with the Ali Center as the venue for the spring prom. The venue has also agreed to provide refreshments during the event, which has warranted the cancellation of the previous approved caterer.

These sites will be located at various places in these low-income communities, such as schools, parks, recreation centers, churches, etc. This request for 2021 includes the need for, at minimum, fifteen (15) cook/bakers, two (2) kitchen managers and substitutes on an as needed basis for no more than 40 days.
