1. I met with school administrative teams in July and directors in August 2021 to obtain feedback and discuss dreams for students, schools and or district. After the completing of the Leadership Challenge work to provide me feedback to my leadership in late fall early January. I am now meeting with both certified and classified staff within the office to listen and learn from a wider group of employees. I also have next step plans for getting the opportunity and questions to all in the district. As well as a plan for how to share and prioritize based on information received. I have titles this process "STOP Light" taking a step back and gathering more feedback from a wider variety of employees. A next step as well for next school year are development of advisory councils of stakeholder groups: Students, parents/families, classified, certified, and community stakeholders. More to come on those.
