We discussed that we needed help with renovations of the building structure, such as a roof, bleachers, playground equipment, and gutters. The board members asked about supplying a permanent

certified sub at each school and if it would be beneficial. We talked about how subs were hard to get for both certified and classified positions at this time. We celebrated the progress that DACE has made on state assessment scores and how we have exited the CSI status from the Kentucky Department of Education. Date: May 14, 2018

Consent Item: Consider/Approve Revising (effective May 1, 2018) local site-based decision making allocation formula for grades 6,7,8 to a minimum of 5.5 certified staff per school or 25 to 1 student/teacher ratio, whichever generates the most staff.

Applicable Statute or Regulation: BOE Policy 01.11, 702 KAR 3:246 (4)

Budgetary Impact: Required per KY Administration Regulation. Current policy revision will result in 2.1 additional positions.

Background and Major Policy Implications: Current staffing formula did not generate enough staff to cover the basic curriculum for grades 6,7,8 at one of our schools. It is believed that a minimum number of staff must be allocated to meet the needs of all students. The proposed revisions will create a minimum number of certified staff at this school.

Recommended Action: Approve as presented.
