Agenda	Notes
<b>Welcome &amp; introduction of new attendees</b>	Dr. Anderson opened the meeting at 5:00 PM by reviewing norms. He then quickly reviewed the agenda, and introduced Chrystal Hawkins, who updated the team on the work of the design team.
<b>Discussion and Breakout Topics for this evening:</b>	After the work of the design team was shared, Dr. Anderson then introduced William Bunton, Diversity, Equity and Poverty to begin the REAP process of the recommendations with the committee. Once Mr. Anderson reviewed the process, the committee (which were already seated into groups) began to discuss pertinent REAP questions surrounding possible recommendations that could disproportionately affect students. The committee then completed the initial REAP process. Dr. Anderson stated that the recommendations would go to the District REAP on Wednesday, and thanked the team for their hard work. He then stated that he would compile the final changes, any policy changes

	and send them to all of the SSBIH members before the final board presentation.
